

## Organic raw walnut puree

*100% natural and tasty; discover our Organic Raw Walnut Puree, an exceptional product made from raw kernels, without additives or preservatives. Thanks to a traditional cold manufacturing process, raw walnut puree preserves all the natural nutrients of the fruit; our walnut puree is naturally rich in Omega 3 and contains Omega 6.*

Made from a rigorous selection of organic nuts, this creamy paste is perfect for adding a gourmet touch to your recipes.

*Used in cooking, it is ideal for thickening your homemade vinaigrettes, preparing sauces or creating delicious spreads, whether you combine it with salty or sweet ingredients. This puree is a valuable ally in the kitchen; it adapts to all your culinary desires, for healthy and tasty preparations.*

Ready-to-eat product.

Store away from light and heat.

The separation of paste/oil is a natural phenomenon at +20°: mix everything well and place in the refrigerator to keep the puree homogeneous.

After opening: consume within 3 months and store in the refrigerator.

Packaging 200g

### **Ingredients :**
