

SINCE 1856. WE ARE LEMP.

Dedicated to Roofing Excellence. Heart & Soul.

From gutter brackets and pipe clamps to advanced roof exits, LEMP has been the trusted benchmark for premium, Made in Germany roofing solutions for generations. We combine time-tested craftsmanship with smart innovation to deliver reliable, sustainable products designed to meet the evolving demands of the trade.

As a family-owned business established in 1856, strong partnerships and uncompromising professionalism are at the core of everything we do. We go beyond manufacturing top-tier products—we provide expert technical support, rapid problem-solving, and practical advice to make your job on the roof easier, safer, and more efficient.

"Always on top" is more than our motto—it is our commitment to supporting skilled trade professionals with products that set industry standards. Built from premium materials, our standard and custom hardware solutions deliver peak performance you can rely on, project after project.
