Turkey's Aftermarket Leader

We, as Dinamik Otomotiv, are the leading automotive spare parts supply company in our country with our distribution network spread all over Turkey.

We provide services in passenger, commercial, light commercial and heavy vehicle groups with the widest range of products in electrical, electronic, mechanical, engine parts and friction parts.

With our organization consisting of **1000** people growing more and more every day, we bring together more than **300** domestic and global brands and more than **350.000** products with more than **12,500** customers.

With our investment in technology, we are starting to use ASRS system in our new warehouse system. With the unmanned **robotic system** for the "**first**" time in Turkey, we will speed up automatic product collection and shipment.

Since the day we were founded, we continue our investments in **R&D** in order to increase product diversity in all vehicle groups and to improve all our processes.

Our vision

Our vision is to be the best service company with the strong service network established with the principle of keeping the needs of our customers in the foreground. Our mission

Our mission is to add value to our customers, suppliers, industry and society by providing sustainable services with our dynamic and strong structure, which attaches importance to technology in the automotive spare parts sector and adheres to ethical principles.

Fortune 500 Turkey

As Dinamik Otomotiv, we ranked **389**th among the biggest companies of Turkey according to the **2018** list of **Fortune 500** which covers all the sectors except financial institutions and holdings. Ensuring a successful progress, we also ranked **343**rd in **2019** and **272**nd in **2020**.

We enjoy the pride of sharing this great achievement with the customers, business partners and all the employees.

As the Dinamik family, we will continue to grow the sector and contribute to Turkish economy by developing our services.
