Job Reference

One Central Saigon apartment project is located at a "unique" location in the center of Saigon, inspired by the image of two legendary dragons of the nation, symbolizing the will, strength, and resilience of the nation, people and country of Vietnam. One Central Saigon complex consists of 2 towers connected by a podium with a scale of 6 basements; and 48-55 floors high. The project includes office floors for rent, hotels and luxury apartments.
