

Creating Perfect Cities Where Possibilities Happen

AMATA Industrial Cities - at the Heart of ASEAN

AMATA
POSSIBILITIES HAPPEN

AMATA has become the entry point of choice for foreign multinationals seeking to expand production into Southeast Asia, operating a network of strategically located industrial parks spanning Thailand, Vietnam and, most recently, Laos of 150 square kilometers of land. The mix of high-quality services, environmental sustainability and long-term commitment has attracted a huge range of investors: AMATA's sites host more than 1,500 factories and commercial outlets. AMATA City Chonburi is transforming to a leading Smart City.
