# GG GOES TO SPACE INDUSTRIAL-GRADE SPACE CABLE

---

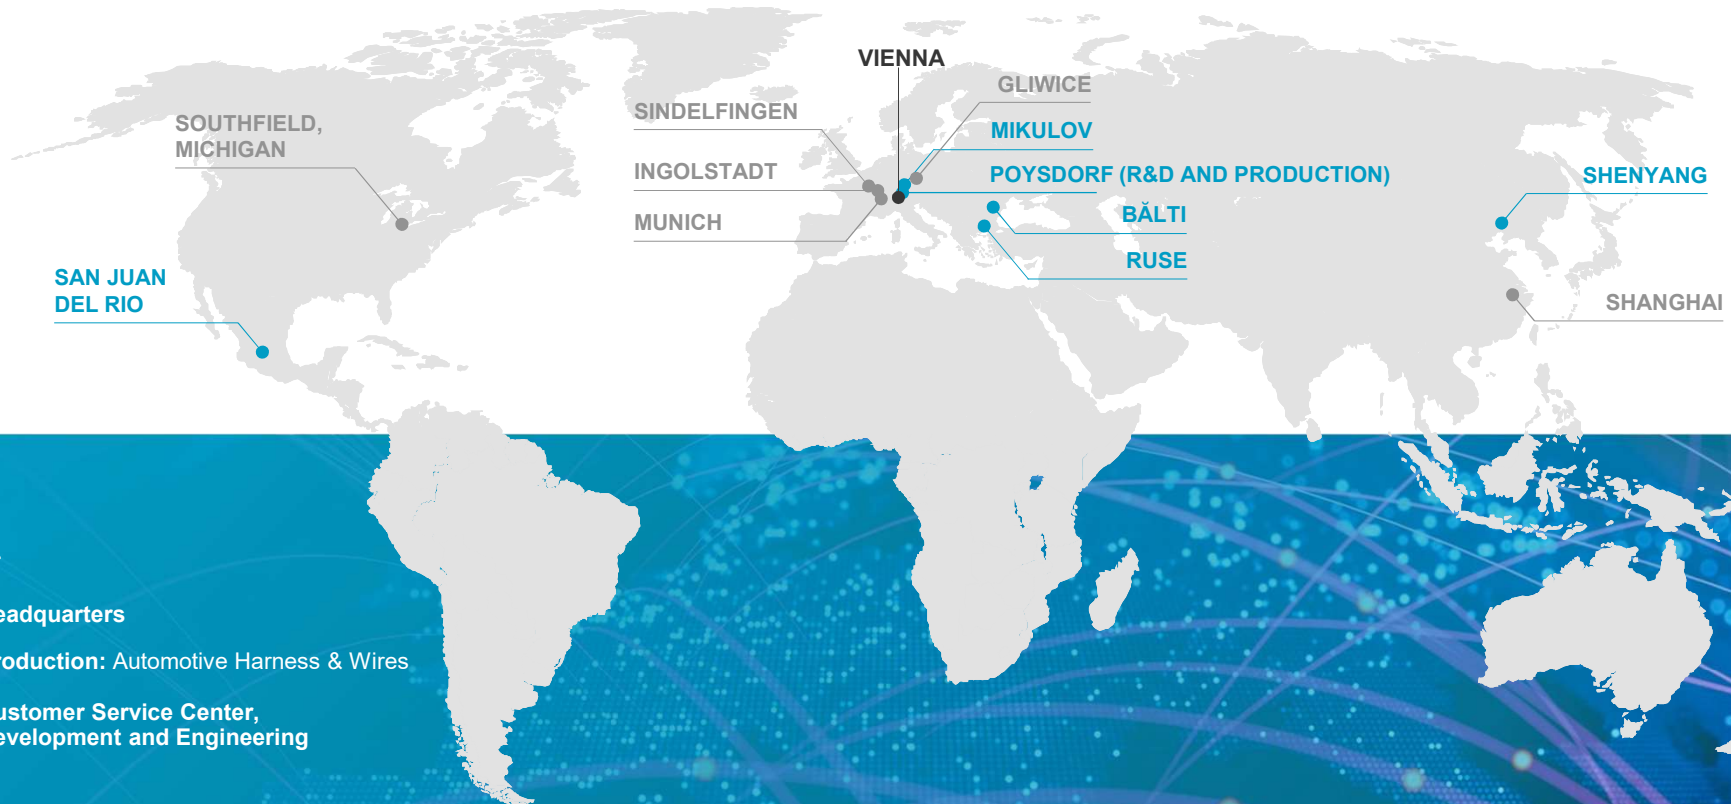

Dr. Stefan Gianordoli

DI Tobias Kupka

## GG: Over 80 Years History – 4000 Employees World-Wide

Total Sales 2024/2025: EUR 667 Mio.

## Products & Solutions – Markets

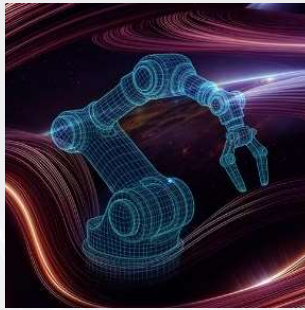

### Overview

**Automotive Cable and  
Harness Solutions**

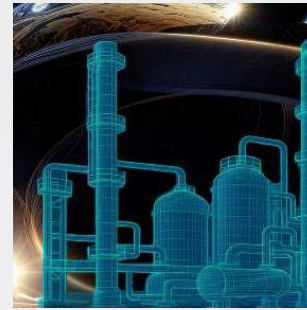

**Agriculture and  
Commercial Vehicles  
Cables & Wires**

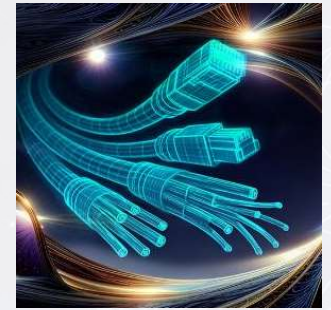

**Automation &  
Robotics Cable  
Solutions**

**Cable Solutions  
for Wind Energy**

**Cables Wires for  
Plant Engineering**

**High Performance  
Data Cables**

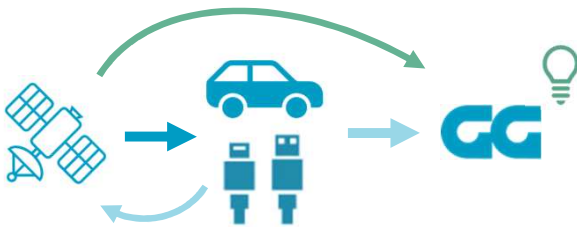

## GG Goes To Space – Current Market Needs

**GG Group actively approached by Space Community**

### **GG Know-How:**

Fast development and industrialization of high-end cables, especially for high-end data transmission applications.

### **Example:**

**Global Market in large volumes being created**

US satellite manufacturer seeking approval for **30.000 satellites**

Current License ~ **12.000 Satellites** in Low Earth Orbit (LEO)

Satellite Lifetime ~ **5 Years**

**Cables niche and tailored - no scalable solutions available.**

## Technical & Commercial Aspects

**Need of scalable, flexible cable design and production**

**Ready to Market Solution – Standardized Ecosystem**

**Challenging Environmental and Materials Requirements**
