Logistics

**Your
GLOBAL Logistics
Partner**

CANARY ISLANDS
Oil&Gas - Shipping Agency

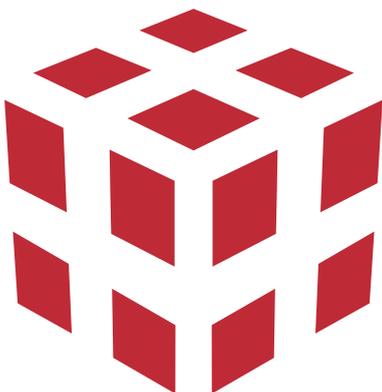

MORE THAN 140 YEARS OF LOGISTICS EXCELLENCE

ERHARDT has evolved from a traditional international freight forwarder to a global logistics operator, providing innovative and fully integrated supply chain solutions.

We are organized into four business lines capable of working together to create differentiated solutions: Logistics, IT, Steel & Trading and Insurance & Risk Management.

As a family business founded in Spain in 1882, we have come a long way. Since then, our magnitudes and activities have changed, but some ideas have remained unchanged: **CUSTOMERS** are at the center of everything we do, **PEOPLE** are the engine of this company, and we think and act in the **LONG TERM**.

Since 1882
Connecting people, ideas and businesses.
