

TAILORED ADVANCED DELIVERY SOLUTIONS

YOUR ACTIVES, FINALLY AT FULL POWER

A biomimetic delivery platform designed to work in harmony with the skin. It efficiently delivers active ingredients while supporting the skin's natural lipid structure, from delicate potential ingredients to high-performance actives.

STABILITY

Ensure physicochemical stability across the entire production cycle.

PROTECTION

Shield and prevent actives from oxidation.

SKIN SUPPORT

Respect and support skin's natural lipidic function.

DELIVERY

Encapsule, transport and deliver actives to the final site of action.

INTELLIGENT SIMPLICITY. MULTIFUNCTIONAL PERFORMANCE

One modular platform, engineered around each active to overcome key formulation challenges:

POOR
SOLUBILITY

LOW
BIOAVAILABILITY

OXIDATION &
RANCIDITY

LIMITED SKIN
PENETRATION

GENTLENESS &
TOLERABILITY

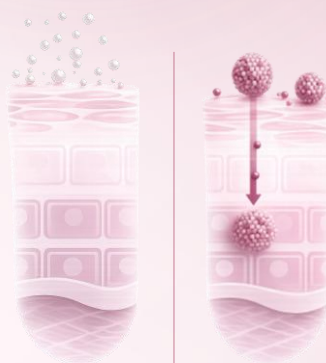

UNSTABILITY

PHASE
SEPARATION

OFF-NOTES &
COLOUR

Sphirence

Active protected & stabilized

Dual surface and deep delivery

Improved bioavailability & performance

INNOVATION THAT PERFORMS

SUPERIOR THERMIC
AND PH RESISTANCE

PREMIUM LIGHTWEIGHT
SKIN FEEL AND TEXTURE

LONG-TERM STABILITY
AND ROBUSTNESS

100% NATURAL ORIGIN

CLEAN INCI

VEGAN-READY

NANO-FREE

SURFACTANT-FREE

PEG-FREE

NUTRICOSMETICS-READY

COSMOS-ALIGNED

DEVELOPMENT JOURNEY: FROM LAB TO MARKET

SCALABLE BY DESIGN · ROOM-TEMPERATURE PROCESS · NO SPECIAL EQUIPMENT · COST-EFFICIENT
LOW ENERGY REQUIREMENTS · SEAMLESS INTEGRATION TO PRODUCTION LINES

APPLICATIONS

- ✓ SKINCARE
- ✓ NUTRICOSMETICS
- ✓ NUTRACEUTICALS
- ✓ FUNCTIONAL INGREDIENTS

COMPATIBLE WITH

VITAMINS

PEPTIDES &
PROTEINS

EXTRACTS & OILS

LIPIDS

SMALL
HYDROPHOBIC
MOLECULES
