# A KITCHEN, *a family*

We continue preparing our dishes with the same traditional way that can only be learned at home.

*It all started in the kitchen at home, the place where the best ideas are born.*

Almost forty years ago, our mother, Pili, discovered that the fame of her croquettes spread throughout the town (Zarautz). The brothers began to distribute them by bicycle... and the rest is history.

Today, our identity kitchen reaches supermarkets, restaurants and homes beyond our borders. However we are proud to preserve the values of the family business.

# WE CREATE IT *for you*

We are a kitchen, therefore we have the ability to create personalized flavors that fit the different markets and your customers.

If you have an idea or a flavor in the catalog doesn't fit you,

we can create something new together.

FROM THE  
KITCHEN  
*to your home*

JUST LIKE  
*at home*

The fact that croquettes are the star dish at Ameztoi did not happen by chance. The recipe is the same one we learned from our mother Pili. Also we process farmhouse milk at our pasteurization plant to guarantee the best flavour and maximum safety.

Don't they look  
*appetizing?*

*All the flavor of family cuisine  
and Basque gastronomy,  
at your table.*
