SUCCESS IN CARINTHIA

Cluster

Network in the South of Austria.

SILICONALPS

The Silicon Alps Cluster is a public-private partnership that brings Austrian players from industry, science and public authorities to develop the **electronics and microelectronics** sector in the South of Austria.

The Green Tech Valley Cluster is a global hotspot for solutions for **climate protection and the circular economy**. Founded in 2005 and made up of more than 20 Technology Leaders, 15 Centres of Excellence and over 250 cluster companies.

The Software Internet Cluster (SIC) – is an innovative community, build on the bundled know-how of over 1,000 **software and internet** specialists, management consultants and scientists.

The Plastics Cluster is a cross-industry network for the **plastics sector**. As a hub connecting member companies, research institutes and decision-makers, creating better conditions in the plastics industry in Austria.
