

Advanced Quantum Diamond Educational Unit

Our diamond educational unit is an all-in-one microwave source, diamond magnetometer and browser-based lecture hub. Students explore the quantum phenomena:

- Zeeman Splitting
- Pulsed ODMR
- Rabi Oscillation
- Hahn-Echo
- 12 more interactive lectures.

In addition, we offer three more fully compatible plug and play modules to:

- NV alignment breadboard (1)
- 3D Vector magnetometry (2)
- Temperature Sensing (3)
