

Our commitments

1. Celebrating the Essence of Provence

- ☑ **100% Provençal Origin**
- ☑ Preserving the **Rich Natural Heritage**
- ☑ A Cooperative **Committed to its Legacy**

Our dedicated producers operate in the Provence-Alpes-Côte d'Azur and Drôme regions, specialising in the cultivation of **thyme, rosemary, winter savoury, and oregano**.

As a key player in a network of technical specialists, we foster collaboration within the sector. We cultivate, refine, and deliver to meet your expectations.

2. Upholding Uncompromising Quality

- ☑ **Certified Excellence**
- ☑ **Aromatic Properties** Surpassing Market Standards
- ☑ Meticulous **Microbiological and Physicochemical Monitoring**

Our production processes adhere to multiple esteemed quality certifications, including the "Herbes de Provence" Red Label, **Organic Agriculture, PGI Thyme of Provence,** and **FSSC22000 accreditation.**

Through the careful selection of plant varieties, **optimal harvesting at peak growth stages,** and a gentle drying method, our products boast **essential oil levels that significantly exceed conventional market offerings.**

Each batch undergoes extensive microbiological and physicochemical analysis, ensuring consistency and superior quality.

3. Mastering a unique technique

- ☑ Tailored Agricultural Practices
- ☑ Comprehensive Quality Testing Across the Supply Chain
- ☑ A Unique Production Line in France

With the support of our agronomic technicians, our producers have honed their techniques and utilise only the most appropriate equipment.

We conduct rigorous quality controls and random inspections, from cultivation through to the final packaging process. Our quality manual provides a structured framework for production.

The plants undergo meticulous trimming, grading, and sorting to eliminate all impurities. Our manufacturing line has been optimised through the expertise of engineers to accommodate the unique characteristics of our products.

4. Providing Bespoke Solutions

- ☑ Products Adapted to Their Intended Use
- ☑ Dedicated Cultivation Processes
- ☑ Comprehensive Traceability

Our products are available in a variety of forms, including trimmed leaves, whole leaves, finely chopped herbs, and assorted bouquets.

The composition of our blends is continuously refined in terms of aroma, density, and size distribution to align with your specific requirements.

We offer a broad selection of wholesale packaging options, in addition to private labelling solutions.

A contractual agreement can be established to cultivate a specific product.

Each batch is subject to rigorous traceability, from seed selection to final packaging.

At the heart of our production area, at the foot of Sainte Victoire mountain, beloved by Cézanne, our processing centre enables us to meet all your needs.
