

Who we are

A consortium of national representatives engaged in the implementation of EU Mission on Cancer at the national level, in each Member State and Associated Country (MS/AC).

What we are working on

Empowering MS/AC to establish National Cancer Mission Hubs, sustainable, cross-sector structures driving collaborative action within a connected European Network.

What's the one thing we need next

Stronger national and EU commitment to sustain EU Mission on Cancer achievements, deepen collaboration, reduce inequalities, and deliver measurable benefits for citizens.
