PRO
AUTOMATION.

YOUR PARTNER FOR
PROCESS AUTOMATION
AND INTELLIGENT
SOLUTION.

PRODUCTION PROCESS AUTOMATION

- **HPDC machines**
- **Injection moulding machines**
- **CNC milling and turning machines**
- Robot manipulation
- Assembly of products with robots
- Packaging in blisters, boxes and trays

AUTOMATED CONTROL AND MEASURING

- Presence and quality control with vision systems
- Measuring components with vision systems
- Tightness tests
- EOL tests
- Push / pull tests
- Electro tests

MARKING

Marking on different materials:

- Aluminium
- Plastic
- Rubber
