Welcome to Fountoulakis Estate.

Our company was founded in Heraklion, Crete, in 2020 and has since been engaged in the processing of citrus fruits, specifically lemons and limes, with the goal of distributing its products for professional use.

Our extensive experience in citrus cultivation, combined with our privately-owned facilities, guarantees the quality, authentic taste, and certified packaging of our products.

At Fountoulakis Estate, our guiding principle is the prompt service of our clients, steadily building a reliable network that operates with consistency.

It would be our honor and pleasure to have you join our network and offer our products to your business's customers.

After all...
we bottle nature for you!
