

RebuildUA

AI-powered 10x rebuild

“Can’t find workers for your Ukrainian reconstruction Projects?”

We deploy pre-screened Skilled, Semi-skilled, Unskilled blue/gray collar workers from India, Nepal & Bangladesh; 10x faster using the latest AI-powered search & match algorithms.”

About RebuildUA

RebuildUA provides AI-powered foreign workforce recruitment services to accelerate Ukraine’s rebuild.

Immediate Goal

- AI-powered 10x rebuild: Ukraine will need approx. 8 mln foreign blue/gray collar workers over next 2 decades. RebuildUA aims to be amongst the top local Ukrainian service providers with access to 1000+ strong international partner network, to accelerate the recruitment process by leveraging AI.

Long Term Goals

- Scale up proven foreign workforce deployment in Ukraine and Europe
- Feed AI-powered policy insights to UA government for EU integration
- Attracting FDI in turn-key construction/mining/oil-gas projects in UA
- CSR: Retrain Ukrainians (IDPs, Vets, Civilians)
- Empower startups eco-system in collaboration with UA scientific diaspora

Industries

- Construction • Oil & Gas / Energy • Maritime and Shipping • Transport • Logistics/Warehouses/Drivers • Seafood and Aquaculture • Water treatment • Mining and Quarries • Personal Security (Demining) • Healthcare, Medical • Environment • Agricultural • Assembly/Manufacturing Factories

Services

- AI-based Search & Match algorithms
- Client interview help
- Work permit coordination in Ukraine
- Work visa coordination in the Indian subcontinent
- International/local travel logistics coordination
- Deployment coordination on-site in Ukraine
- Cultural Integration/Onboarding Training
- Post-deployment HR assistance
- Performance reviews, feedback management
- Replacement, redeployment, separation
- Support foreign workers using AI Chatbot
- AI metrics collection for predictive analysis

Seeking partnerships with

- **Ukrainian and international companies** for joint bids and PPP reconstruction tenders
- **Local builders, developers, and general contractors** executing reconstruction and infrastructure projects
- **Ukrainian and international manufacturers and factories** requiring foreign workforce to meet production and delivery targets
- Prime contractors and EPC firms seeking reliable subcontractors to deploy qualified foreign labor in Ukraine
