

THE BLOCKCHAIN PLATFORM FOR ENERGY COMMUNITIES.

HexErgy is designed to **reduce the effort** required to design, create, manage, and discover Renewable Energy Communities (RECs) **thanks to four integrated and customizable modules.**

DESIGNER

Enables 20-year forecasting and planning for energy community projects.

CREATOR

Helps establish the energy community's legal entity, draft regulations, and certify digital signatures.

MANAGER

Enables real-time monitoring for operational efficiency and transparency.

MARKETPLACE

Connects stakeholders to build and promote energy communities, fostering sector collaboration.

75% less time spent

from vision to full management
of your Energy Community.
