Energy Efficiency
Experts Team

Implementation Partner for EU Energy & Climate Consortia

1. EXECUTIVE SUMMARY

Established in 2010 and restructured in 2025, E-TEAM is a Ukrainian NGO driving the green transition in the residential sector.

Our core team brings 6+ years of experience gained as consultants within IFC-supported programmes (International Finance Corporation, World Bank Group), now forming the core of E-TEAM, and a key part of Ukraine's housing energy modernization ecosystem.

RELEVANT EXPERIENCE (TEAM-LEVEL, PREVIOUS ENGAGEMENTS UNDER IFC-SUPPORTED PROGRAMMES):

- 380+ energy modernization projects
- 380+ buildings restored after war damage
- 312 GWh/year energy savings

We act as an implementation partner with GIZ, UNIDO, and EU LIFE projects, translating EU policies into practical implementation for municipalities and HOAs.

E-TEAM operates at the intersection of policy, finance, and on-the-ground implementation with a strong focus on residential energy efficiency and post-war recovery.

E-TEAM is ready to contribute as a reliable implementation partner within EU-funded consortia.

2. INSTITUTIONAL CAPACITY

E-TEAM operates on a hybrid model:

- donor-funded projects
- B2G contracts (MEPs/SECAPs)
- HOA advisory

This model ensures **OPERATIONAL SUSTAINABILITY** and **RELIABLE DELIVERY** across funding streams.

Key strengths:

- hands-on HOA expertise
- ability to mobilize co-financing from residents
- strong compliance with international standards (incl. IFC/WB frameworks)
- nationwide expert network (17+)

We are a **FIELD-ORIENTED IMPLEMENTATION PARTNER**.

3. WHAT WE OFFER

- **LOCAL IMPLEMENTATION:** direct work with municipalities and HOAs
- **PILOT DEPLOYMENT:** real-life testing of EE, RES, digital tools
- **STAKEHOLDER ENGAGEMENT:** turning residents into active participants
- **DATA & MRV:** full cycle from baseline assessment to reporting
- **POLICY FEEDBACK:** recommendations at SECAP/MEP level

4. ENERGY COMMUNITIES (EMERGING FOCUS)

E-TEAM is developing expertise in energy communities, an emerging and underdeveloped field in Ukraine with high strategic relevance for EU integration.

5. CAPACITY BUILDING & OUTREACH

We combine implementation with strong outreach capacity:

- ongoing training and structured capacity-building activities
- established trust and long-term engagement with local stakeholders

6. TARGET PROGRAMMES

- LIFE (Clean Energy Transition)
- Horizon Europe / CETPartnership
- Interreg Europe / EUI
- Erasmus+

7. ADMINISTRATIVE DETAILS

NGO E-TEAM:

PIC: 870473539

EU Transparency Register: REG 6211328103308-53
