silverlake
SYMMETRY AT WORK

Silverlake is a global leader in financial technology, providing enterprise solutions to over 370 customers across 80 countries with 100% successful project implementation for more than three decades.

Our core banking solutions are trusted by over 40% of the top 20 largest banks in Southeast Asia. We are the partner of choice for three of the five largest ASEAN super-regional financial institutions. Our ASEAN built and supported solutions have expanded far beyond the banking world to lead in the fintech space.
