Testimonials

They are all recommending our products

Camille De Boeck

Dental Hygienist, Overijse, Belgium

“

DentPlanet's products are ideal for daily tooth cleaning as well as interdental cleaning with floss or the interdental brushes with an eye for the planet.

Silvana Butrus

Dental Hygienist, Utrecht, Netherlands

“

It is important that we all work together for a better environment, even in oral care. So I see DentPlanet products as a plus point for our planet.

breath

Emilie Vander Elst

Dental Hygienist Leuven, Belgium

“

As a dental hygienist, I recommend various oral care products on a daily basis and it is often still difficult to find ecological alternatives, but with the products of 'DentPlanet' this problem has been solved.

Karla de Faria Vasconcelos

Dentist, Overijse, Belgium

“

Top quality products with less plastic waste. It represents the perfect combination between top quality and saving the environment. Products tested and approved by the whole family. I strongly recommend it to my patients

the

nature

Mohammed Ahmed

Dentist, Zichem, Belgium

“

It is truly unbelievable to see how much plastic is used in daily oral health care. DentPlanet provides an optimum solution by offering top-quality products while being environmental friendly at the same time.
