What We Do

We work around the world and provide services across several industrial markets to meet a variety of needs, such as:

SCAFFOLDING SOLUTIONS

INSULATION WORKS

3D ENGINEERING

**Renewable
energy**

**Shipbuilding,
repair & riding
squads**

**Industrial,
power &
process plants**

**Oil & Gas
Industry**

Scaffolding solutions

Efficiency, Quality, and Safety in Every Step:

- **3D Engineering**
- **Digital Scaffold Access via App**
- **Own materials**
- Optimized Quantities
- 24/7 Office Support
- Flexible and Responsive
- Highest Standards of Work Quality
- Safety First

Our primary focus is the industrial sector, particularly in:

- Pulp and paper mills
- Oil refineries
- Shipyards
- Civil construction
- Nuclear power plants
- Food industry

Layher 

Scaffolding tracking system APP

- Creating new task
- Task status
- Users list and permissions
- Multi language support
- Notification system
- Cost tracking
- Responsive design
- Documentation

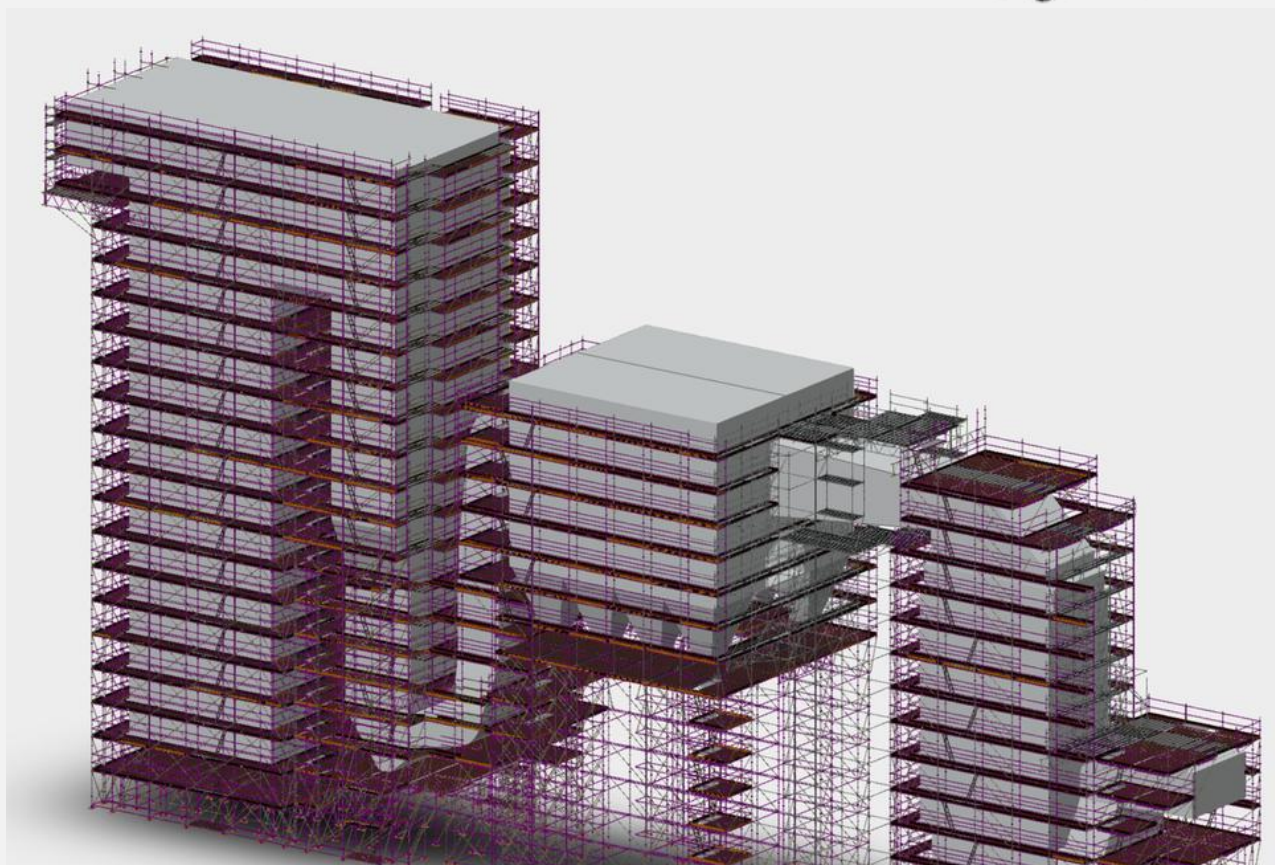

Project: UPM Taurus, Uruguay
Services: scaffolding assembly and dismantling, pipe insulation, equipment insulation

Project: Kemi Metsa Fibre
Services: scaffolding services, insulation services, scaffolding materials

Project: France, Marseille
Services: 3D engineering, production of parts, scaffolding and welding works

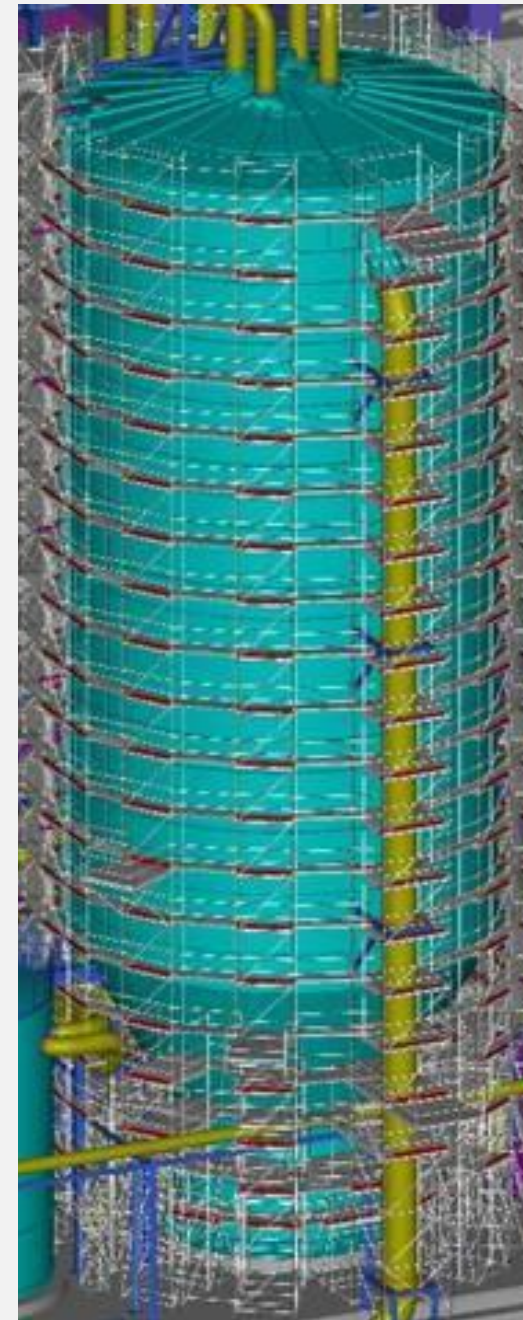

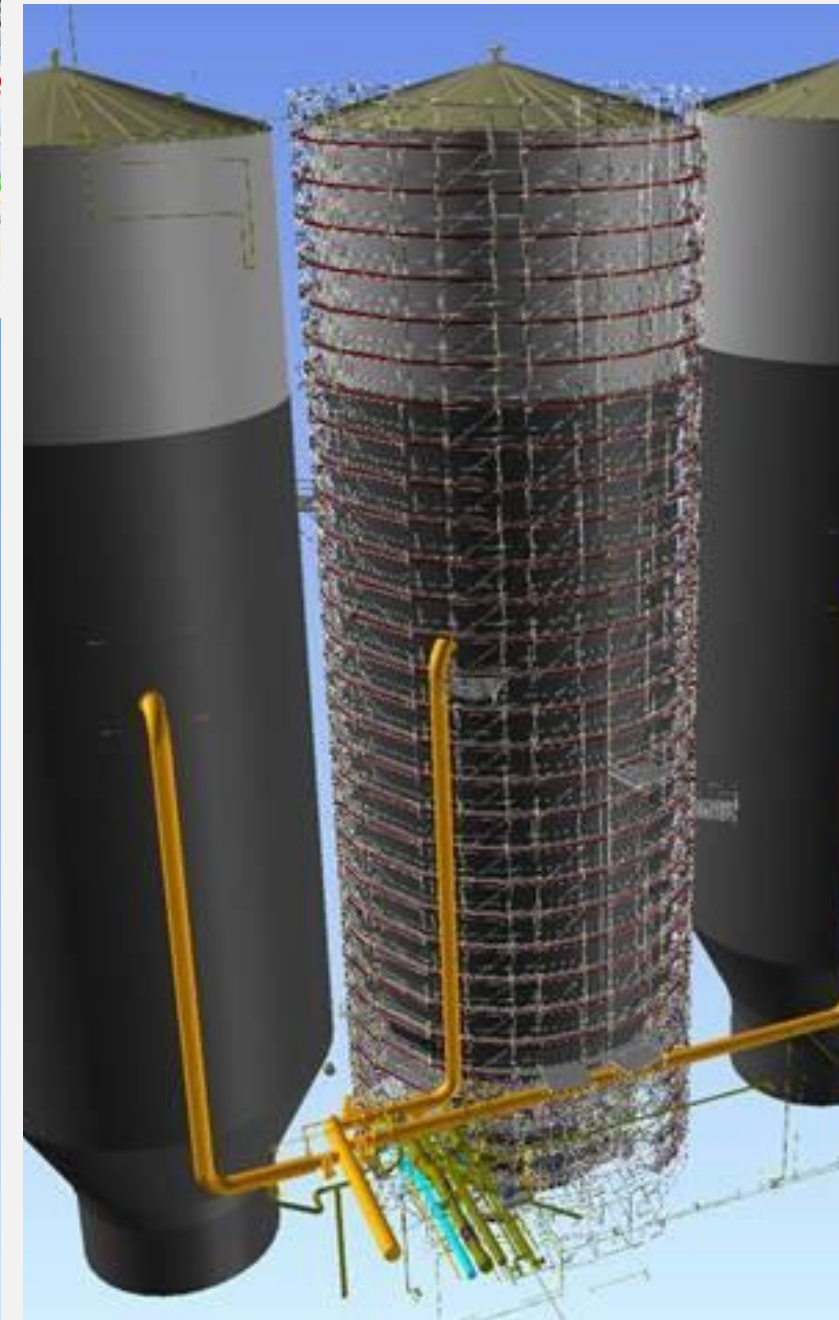

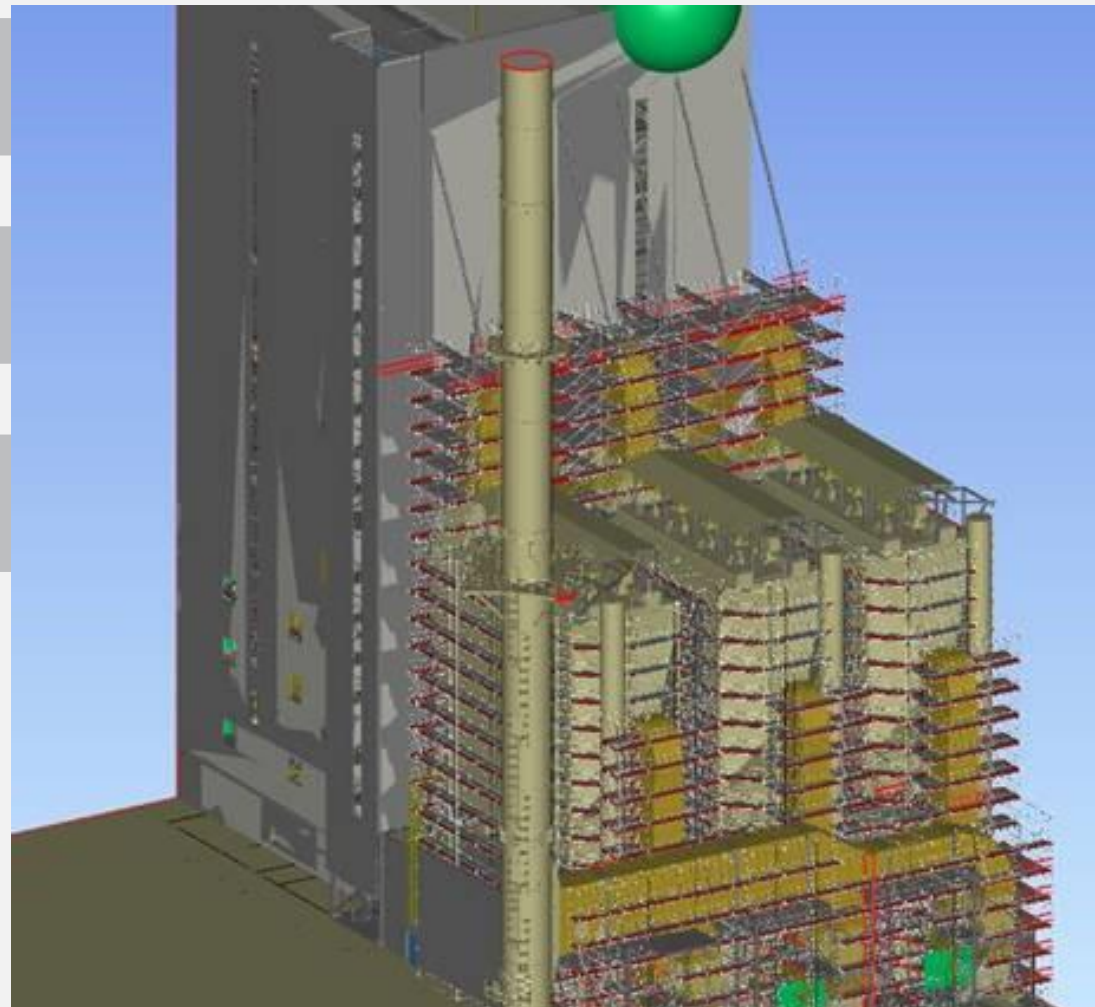

Conceptualization

Engineering

Execution

Quality Assurance

Completion

Insulation works

Key industries we serve:

- Waste-to-energy plants
- Oil & Gas (refineries, LNG, offshore)
- Chemical & petrochemical facilities
- Power generation (boilers, turbines)
- Food & beverage processing
- Pharmaceutical industry
- Pulp & paper industry
- General manufacturing

Types of insulation works:

- Thermal insulation (hot & cold)
- Acoustic insulation (noise control)
- Cryogenic insulation (LNG systems)
- Fireproofing & passive fire protection
- HVAC & anti-condensation insulation
- Tank & vessel insulation
- Piping insulation
- Removable insulation covers (for maintenance)

Client: Kemi Metsa Fibre
Services: scaffolding and insulation services (with material provision)
Location: Finland

Client: Kaefer/Arkema and Toray sites
Services: scaffolding and insulation services
Location: France

Client: ADF / Norske Skog project
Services: insulation and scaffolding works (with insulation and scaffolding material provision)
Location: France

Project: Rookery South Energy Recovery Facility
Services: Insulation works with a total area of more than 13 000 m²

Project: Newhurst Energy Recovery Facility
Services: insulation works with a total insulation area of 26,000 m²

Globalita – Key Projects in 2025

Project: Sata Shipbuilding
Services: icebreaker block assembly project (including material supply)
Location: Finland

Project: Irem Energies, factory reconstruction
Services: scaffolding works (including material supply)
Location: France

Project: Bilfinger, Borealis Kallo
Services: Insulation works
Location: Belgium

Client: Kaefer/Arkema and Toray sites
Services: scaffolding and insulation services
Location: France

Project: CNDM, Carnival Legend
Services: hanging scaffolds for windows to be changed and scaffolds for balconies
Location: France

Project: Boliden Odda
Services: Insulation works (including material supply)
Location: Norway

Project: Highcon, factory construction
Services: scaffolding services
Location: Sweden

Project: Vyncke, Sycotom waste to energy plant
Services: insulation works (with material supply)
Location: France

Our Sertificates

Certificates of Globalita

Our services are delivered to the highest quality standards, tailored to meet the unique needs of each client.
