

# <INNOVAMED>

## COMPANY PROFILE

Customized plastic injection moulding solutions for  
Sanitary Products in clean room area ISO-7

# ORIGINS.

More than 60 years of experience in plastic injection for high added-value components

**GEMA GROUP** is dedicated to the production of vinyl records, CDs, videos and other media for record companies and companies in the audiovisual sector.

The company inaugurates its **new production facilities** in Ripollet.

**GEMA MEDICAL** is born, a division dedicated to the manufacture of plastic components for medical and pharmaceutical sectors.

The current facilities at Barberà del Vallés are inaugurated under the new company name, **INNOVAMED.**

We want to become a **reference company** at European level, offering quality and service within the injection of plastic parts and components in cleanroom for **medical devices**.

# OUR VALUES.

- Exclusive production for the medical sector
- Machinery and installations adapted to the sector
- Staff trained in the specific characteristics of the products
- Internal and external quality management system
- Investment policy adapted to growth needs
- Customer orientation
- Reliability and confidentiality

## BUSINESS AREAS.

- Injection
- Handling and assembly
- Blistering
- Microinjection
- Contract Manufacturing
- Special applications

# FIELDS.

# APPLICATIONS.

Bone Implantology

Dental Implantology

Tissue Engineering

Ophthalmology

Single-use products

Dialysis

Surgical Instruments

Gynecology

Cardiology

**Certificate of Registration**

QUALITY MANAGEMENT SYSTEM - ISO 13485:2016

This is to certify that:

Innovamed Spain, S.L.  
C/Nápolis nº13  
08210 Barberà del Vallès  
Barcelona  
Spain

Holds Certificate Number: **MD 718741**

and operates a Quality Management System which complies with the requirements of ISO 13485:2016 for the following scope:

The manufacture of non-sterile plastic injection moulded components for medical devices. The assembly and sterile barrier packaging of medical devices.

For and on behalf of BSI:

*Graeme Tunbridge*  
Graeme Tunbridge, Senior Vice President Medical Devices

Original Registration Date: 2020-02-06  
Latest Revision Date: 2023-11-13

Effective Date: 2023-12-12  
Expiry Date: 2026-12-11

Information and Contact: BSI, Kitemark Court, Davy Avenue, Knowlhill, Milton Keynes MK5 8PP. Tel: +44 345 080 9000  
BSI Assurance UK Limited, registered in England under number 7805321 at 389 Chiswick High Road, London W4 4AL, UK.  
A Member of the BSI Group of Companies.

# CERTIFICATIONS.

**INNOVAMED** complies with the highest quality standards for the manufacture of medical devices, and since January 2006 has held the ISO 13485 certificate, which has been periodically revalidated in accordance with the regulations established up to the present time.

# FACILITIES.

- 500 sq. m. of ISO-7 Cleanrooms
- Injectors from 15 to 155 TN
- Robotic manufacturing lines
- Cleanroom for handling and blistering
- Blister machine
- Temperature-controlled warehouse
- Hoppers with automatic supply to the injectors
- Preventive maintenance workshop for moulds

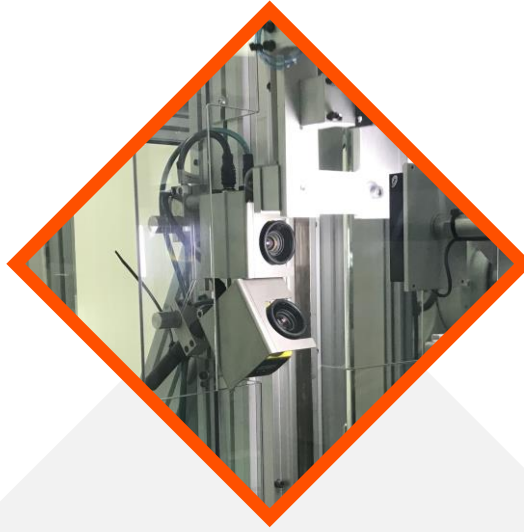

# QUALITY CONTROL.

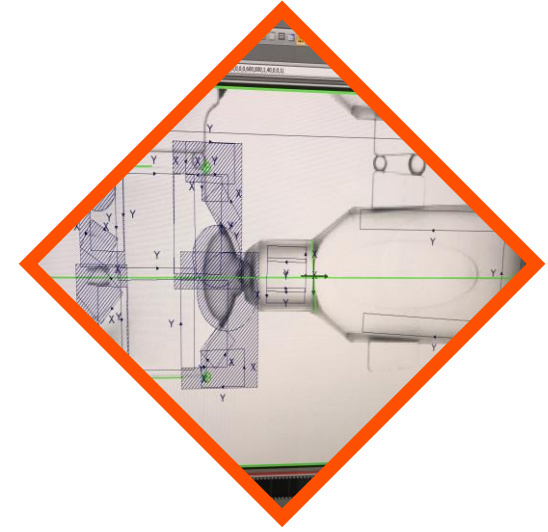

## QUALITY CONTROL LABORATORY

Latest generation equipment

## AUTOMATED ONLINE CONTROL

Via artificial vision

## PARAMETER MONITORING

Permanent evaluation of the production  
injection machinery

# OPERATIONAL ACTIVITY.

# At your **SERVICE.**

**INN****META**

**M**oulds  
**E**xecution plan  
**T**imings  
**A**ssistance

**INN****PROD**

Operations of:  
Injection, Assembly and Packing.

**INN****CISO**

**C**ost  
**I**mprovement  
**S**ustainability  
**O**ptimization

**INN****VAL**

Documentation and execution  
of IQ, OQ, PQ Validations.

# WHY INNOVAMED? STRUCTURE

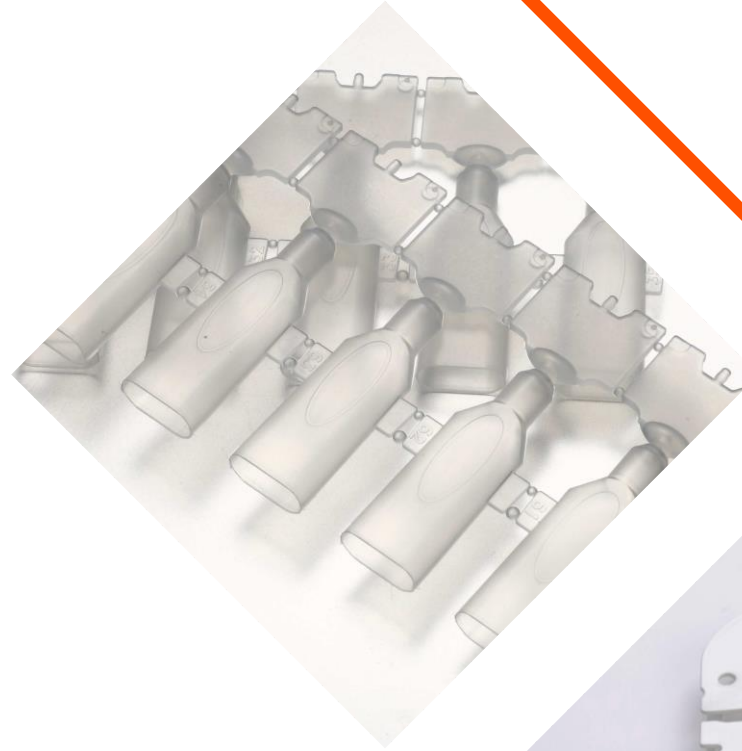

- Adaptation and exclusivity in medical devices
- Integral service in ISO 7 Cleanroom:
  - Injection
  - Manipulation / assembling
  - Packaging / blistering
- Contract Manufacturing
- ISO-13485 Certification
- ISO 7 cleanroom validation of particles and microbiological analysis
- Robotization of production lines:
  - Artificial vision cameras
  - Welding of components
- Advice during the pre-industrialization and moulding phase if required
- Mold Flow for the design of new moulds
- Proximity and customer orientation
- Confidentiality

# WHY INNOVAMED?

## EXPERIENCE

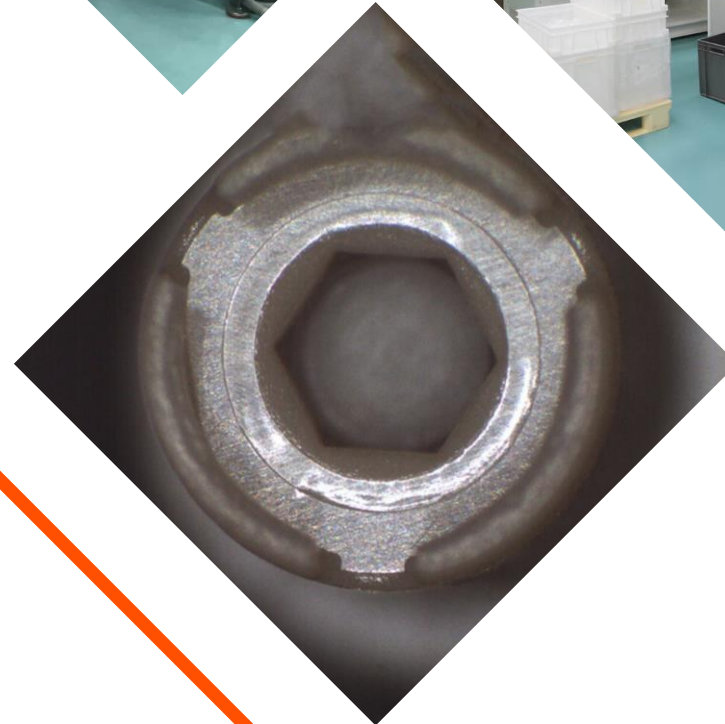

- Product quality based on:
  - Productive regularity
  - Traceability
  - Client Audit
  - Validation processes adapted to customer requirements
  - Customer Specifications
- Short and medium series
- Peek Injection
- Microinjection
- Wide variety of materials:
  - PP, PVC, PEEK, Polycarbonate, PE, TPE...
- Start-ups and development of new projects

# WHY INNOVAMED?

## SPECIAL PROJECTS

- Overmoulding
- Bi-injection
- Special treatments on moulds
- Laser micromachining
- Special cooling systems for production with high melting point plastics
- Functional design texturing for:
  - Security engravings
  - Generation of water-repellent surfaces
