AIO SG

APOLLO
AI Technologies

CHAT4DOC

instant access to essential medication data

Chat4Doc is a powerful AI-driven tool designed to provide healthcare professionals with quick, reliable access to over 8,500 RCPs (Summary of Product Characteristics) and 1.7 million drug interactions.

APOLLO
AI Technologies

Why we created
Chat4Doc ↙

Managing medical data

Doctors struggle to efficiently process vast amounts of medical information.

Keeping up with guidelines

Healthcare professionals have challenges in staying updated with rapidly changing medical standards.

Answering patient inquiries

Providing accurate and timely responses to patient questions can be challenging.

Administrative Burdens

Time spent on paperwork limits focus on patient care.

Making evidence-based decisions

Doctors face pressure to make quick, informed clinical choices within tight time constraints.

### Accessing trusted resources

Healthcare professionals often have limited access to reliable information in critical situations.

APOLLO
AI Technologies

C4D

Chat4Doc helps
healthcare professionals with:

- Access to 8,500+ official documents and 1.7 million drug interaction details.
- Real-time answers for drug-related questions.
- Streamlines the medication validation process, improving patient safety.

APOLLO
AI Technologies

Chat4Doc in numbers

200K
interactions from medical professionals were registered in just one year.

100K
Romanian healthcare professionals could save 1 million hours every year

800K
hours could be saved by healthcare professionals with AI-powered solutions like Chat4Doc, Pharmachat, and Diabeta.

APOLLO
AI Technologies
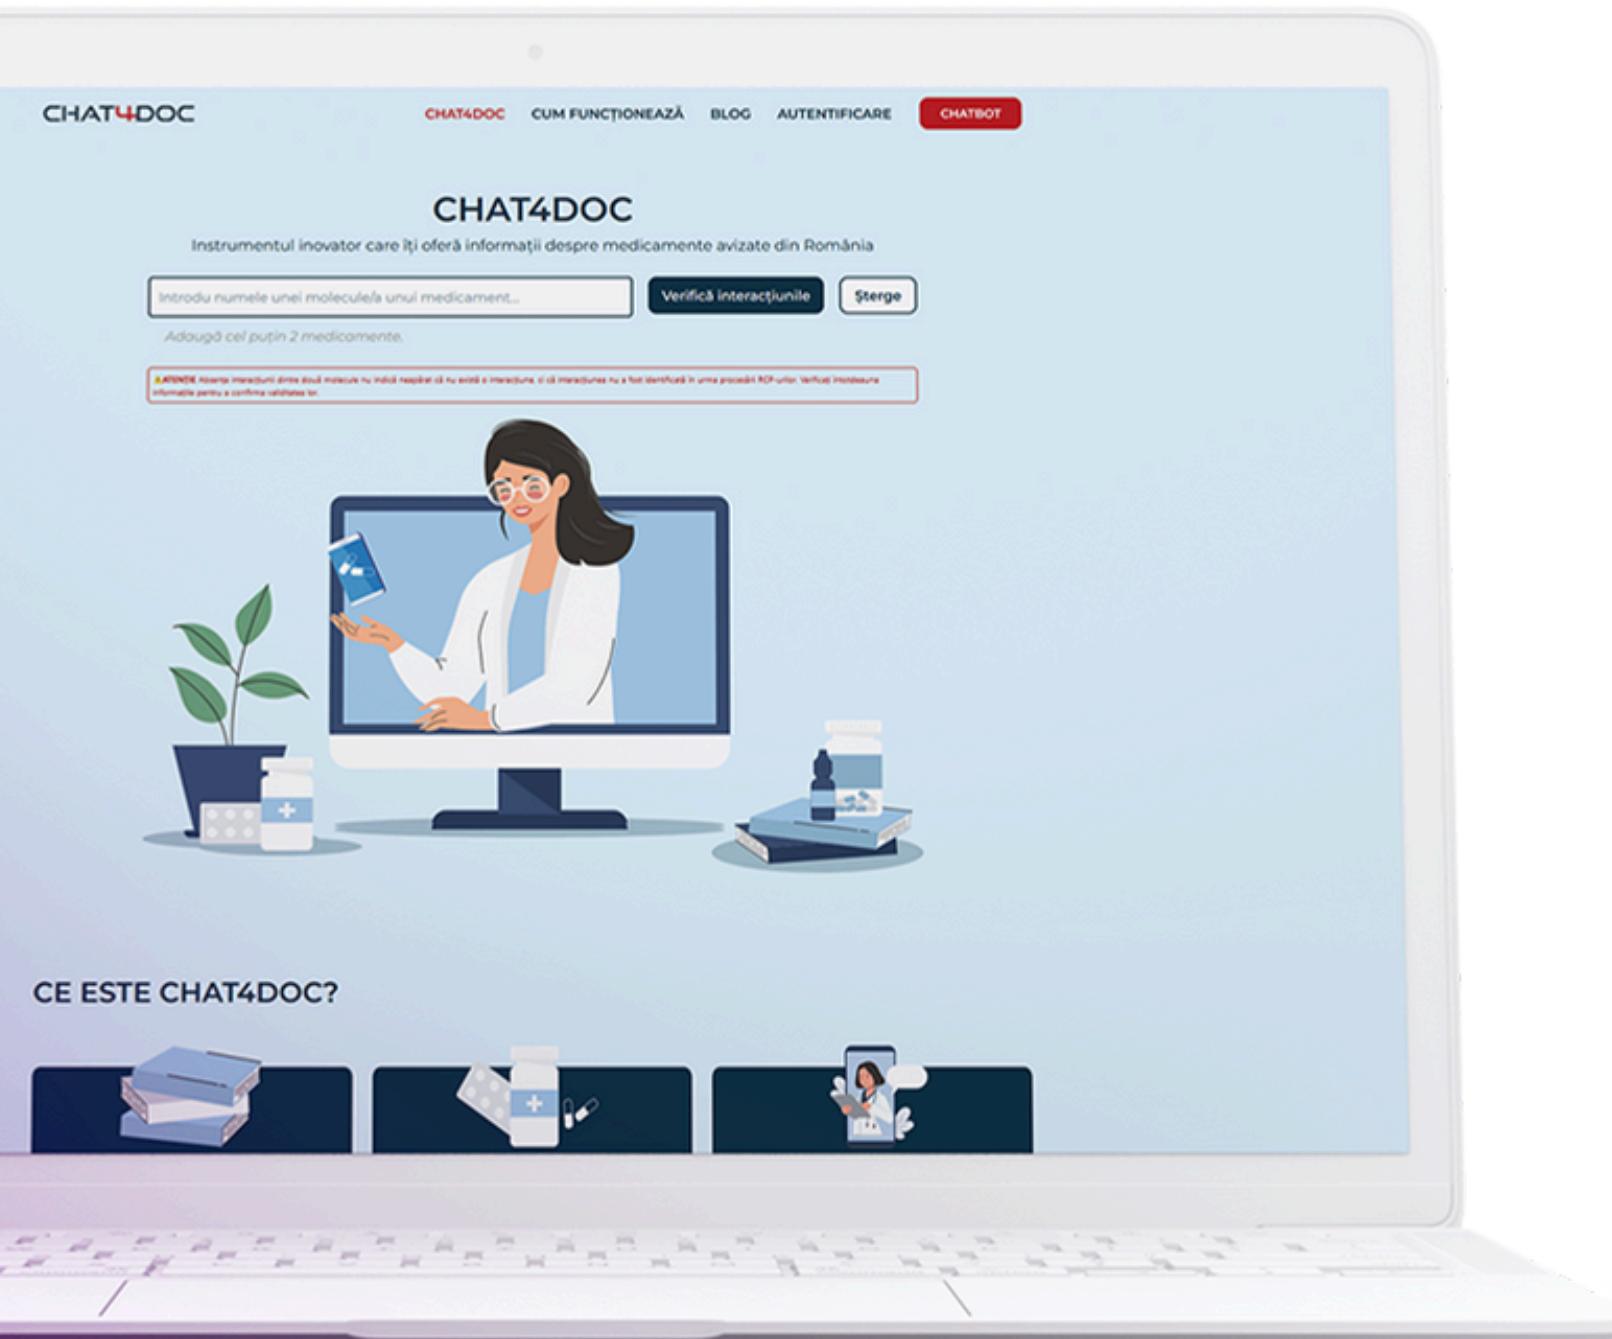

C4D

Chat4Doc
how it works

- Healthcare professionals log in to access real-time, evidence-based information.
- Ask questions through the chatbot and receive accurate, guideline-driven responses.
- Seamlessly integrates into daily workflows, saving time and enhancing patient care.

CHAT4DOC

CHAT4DOC   CUM FUNCȚIONEAZĂ   BLOG   AUTENTIFICARE   CHATBOT

CHAT4DOC

Instrumentul inovator care îți oferă informații despre medicamente avizate din România

Introdu numele unei molecule/a unui medicament...   Verifică interacțiunile   Șterge

Adaugă cel puțin 2 medicamente.

CE ESTE CHAT4DOC?
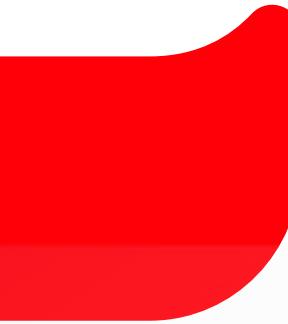

Apollo AI:
Your Trusted Partner in Healthcare Innovation

Apollo AI is more than a tech company—we're a healthcare partner dedicated to better patient care, efficiency, and informed decision-making.

Our AI solutions streamlines administrative tasks and minimize the risk of errors, contributing to more efficient and reliable outcomes.

APOLLO
AI Technologies
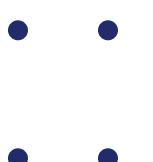

Innovating
for the future of healthcare

International Expansion

In 2025, we'll extend to European markets, bringing our solutions to global healthcare professionals and patients.

Product Enhancements

We will refine our tools to remain intuitive, efficient, and constantly updated for healthcare professionals.

New Verticals & Patient Tools

We're developing tools for patients to access reliable health information, complementing our focus on healthcare professionals.

Strategic Partnerships

We're deepening collaborations with universities, research centers, and pharma companies to integrate the latest medical knowledge.

APOLLO
AI Technologies

Why Partner with Apollo AI

Unmatched Access & Influence

- Official partner of the leading medical associations in Romania
- Direct reach to 30,000+ doctors through key professional organizations
- Opinion leaders trust us, our research & insights shape industry trends
- Featured in Mediafax, Ziarul Financiar, and top-tier medical media

Strong Digital Presence

- More than 10K followers
- First medical app for patients

Powerful Medical Community

- Engaging 10%+ of Romania's healthcare professionals using Apollo's app
- Exclusive doctor & pharmacist networks
- High-impact webinars with 1,000+ attendees & top opinion leaders

Your Brand, Amplified

- Press releases hitting major health & media platforms
- TV appearances by industry leaders raising awareness

APOLLO
AI Technologies
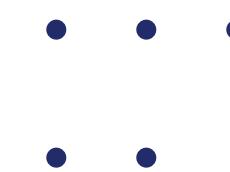

What ⬊
healthcare professionals say

AI innovations drive medical progress, benefiting patients. I'm glad we have Apollo AI, a locally developed tool that helps us quickly access updated guidelines and protocols—an app created with doctors, for doctors.

Conf. Univ. Dr. Anca Pantea Stoian
Professor and Dean of the Faculty of Medicine at "Victor Babeș" University of Medicine and Pharmacy in Timișoara

Apollo AI is a valuable tool for doctors needing quick access to diabetes protocols. Developed with medical experts, it scans official guidelines and treatment options, saving precious time in a fast-paced medical environment.

Prof. Dr. Bogdan Timar
Associate Professor of Diabetes, Nutrition, and Metabolic Diseases at "Carol Davila" University of Medicine and Pharmacy, Bucharest.

APOLLO
AI Technologies
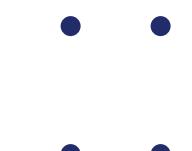

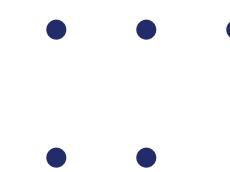

What
healthcare professionals say

Pharmachat launched after a month of struggling with the CNAS (National Health Insurance House) informatics system. Any tool that saves time and provides reliable information without double-checking brings comfort and greatly supports my work and patient interactions.

Daciana Toma
Dr. Vice President of the National Society of Family Medicine

Health professionals navigate vast treatment and medicine data, with hundreds of pages detailing indications and properties. That's why we approved Diabeta—an app that quickly delivers accurate information on specific molecules, making their work easier.

Dr. Farm. Răzvan Prisada
President of the National Agency for Medicines and Medical Devices of Romania (ANMDMR)

APOLLO
AI Technologies
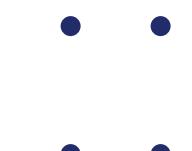

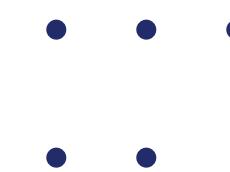

What ↙
healthcare professionals say

The application provides quick access to essential medication information, including drug interactions. Its key advantage is instantly delivering data while processing vast documents that would be impossible to review individually.

Dr. Sandra Alexiu
Family doctor, President of the Bucharest-Ilfov Association of Family Doctors

We've long awaited this chatbot, as we constantly research diseases, treatments, and medication effects. This time-consuming process is now simplified with a tool that delivers scientifically approved answers instantly, in natural language.

Prof. Dr. Adrian Covic
Director of the Clinical Nephrology, Dialysis, and Transplant Center in Iași. President of the Romanian Society of Nephrology

APOLLO
AI Technologies
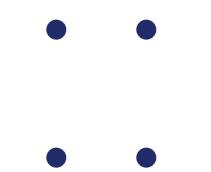

What ↙
healthcare professionals say

Apollo AI's content is validated, and the Summary of Product Characteristics (SmPCs) are those of the National Agency for Medicines and Medical Devices, ensuring high-quality information primarily for patient safety, but also for professional safety.

Farm. Florina Bonifate
Secretary General of the Romanian College of Pharmacists (Colegiul Farmaciștilor din România)

Apollo AI merges key elements to drive innovation in practice. Integrating such solutions into digital education programs for future pharmacists can make it a valuable tool for efficiency and optimization.

Dr. Ștefan Busnatu
Primary Cardiologist, Doctor of Medical Sciences, Associate Professor, Vice-Rector of "Carol Davila" University of Medicine and Pharmacy

APOLLO
AI Technologies

What ↙
healthcare professionals say

I am impressed by Apollo AI's efficiency and the value it adds to daily work with medication information. The Alphega pharmacy team tested Apollo AI and was highly satisfied with its functionalities and the speed of its responses.
