d'Abruzzo DOC

LA VOLPE

Vulpes Vulpes

The fox family includes 12 different species, including the gorgeous red fox, the most widespread wild mammal in the world. This species exists in our country and with a large population only in Abruzzo. Finding food is not always easy, so this carnivore is constantly patrolling its territory.

Montepulciano

10°C

Stainless steel vats

Color: brilliant light ruby-red color. Fragrance: raspberry, blackberry cherry and red fruit. Taste: complex red fruit notes paired to a pleasant acidity.

Superb in the spring months with refreshing aperitif, light salads, and marinated white meats.
