ANALOG WORKFLOWS SLOW DOWN PRODUCTION

Challenges

- Unclear or incomplete measurement data
- Illegible hand sketches
- Errors during data transfer
- Frequent callbacks, corrections and rework
- Complex shapes often require templates in advance
- Loss of time & high personnel effort

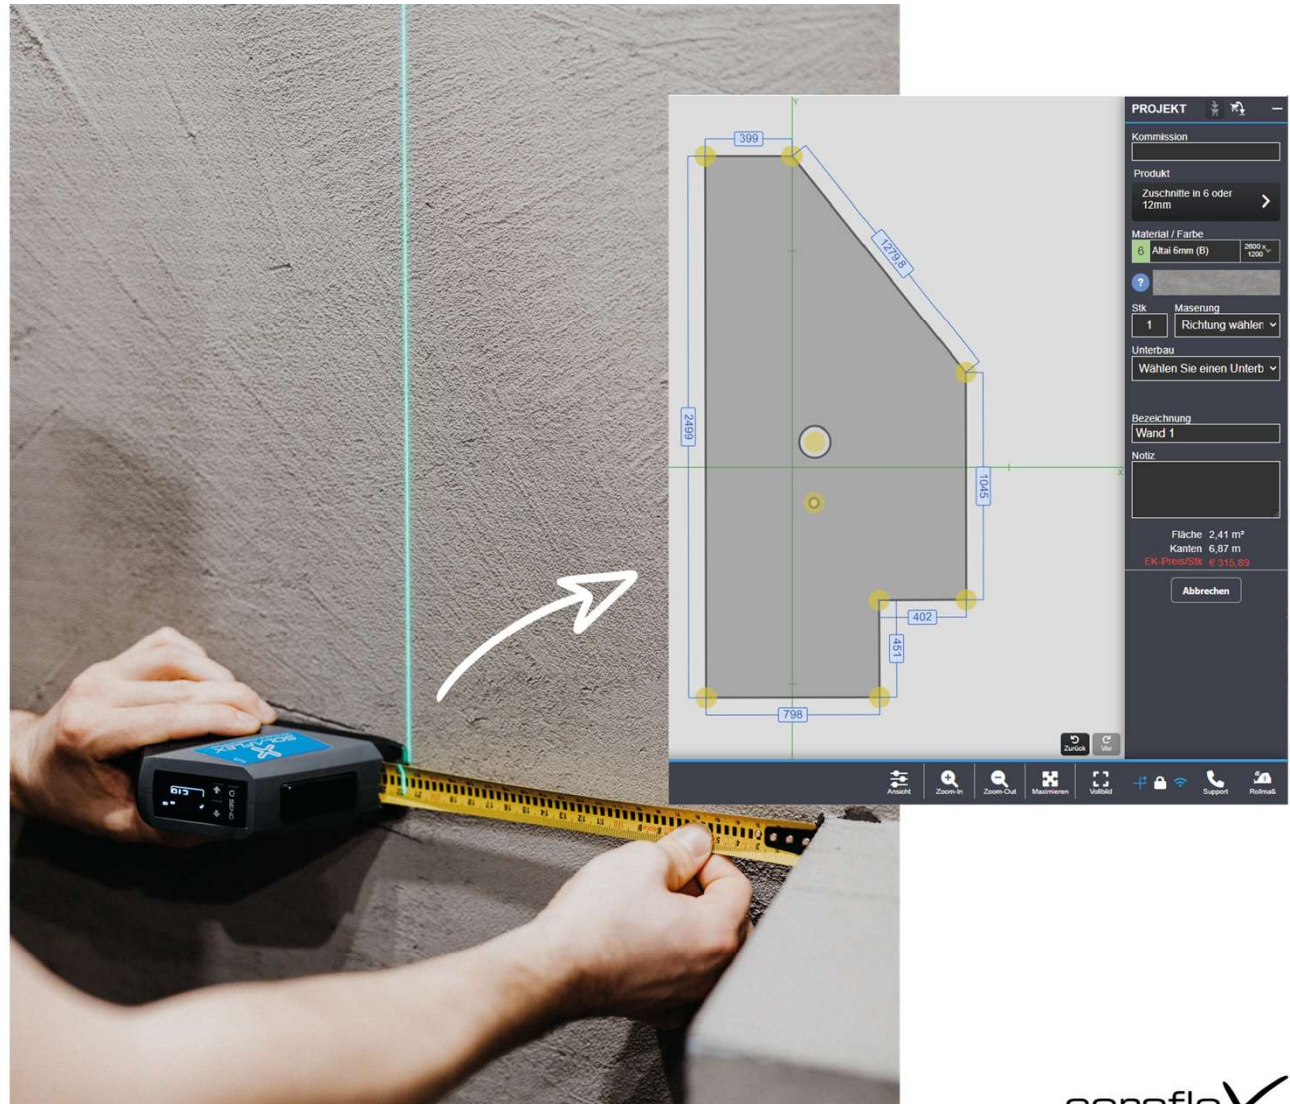

THE SOLUTION: A FULLY DIGITAL AND STANDARDIZED DATA WORKFLOW

Digital Measuring System.

All information. 100% digital.

- Digital capture of all measurements
- Automatic real-time data storage
- Export in standardized formats
- Immediate transfer to office, production, industry and partners
- Everything cleanly documented and accessible at any time

ceraflex

FROM DIGITAL MEASUREMENT STRAIGHT TO THE PRODUCTION ORDER

AUTOMATED CALCULATION

Real-time pricing, automated cost computation and integrated billing

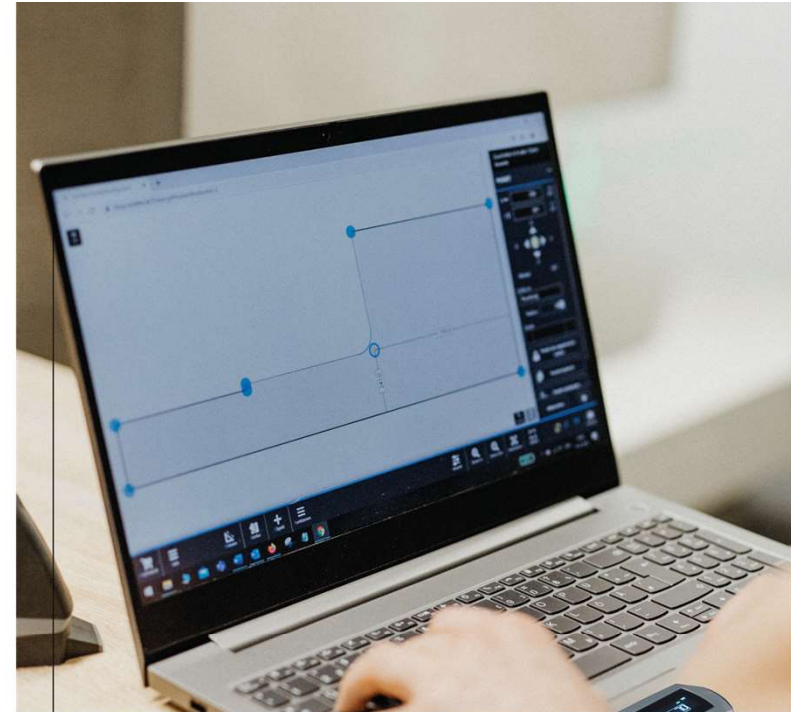

PRODUCTION

Automatic production data, visualization of production steps, workflow management and scheduling

CONFIGURATION

Select materials, edge finishes and processing details

DIGITAL MEASURING SYSTEM

Direct transmission of measurement data to the platform via Bluetooth.

ceraflex

MORE EFFICIENCY WITH PREFABRICATED LARGE-FORMAT CERAMICS

- Digital interface from the construction site to production
- Manufacturing of cut-to-size pieces within 48 hours
- Custom manufacturing for individual products starting from batch size 1

UNLIMITED DESIGN POSSIBILITIES WITH CERAFLEX

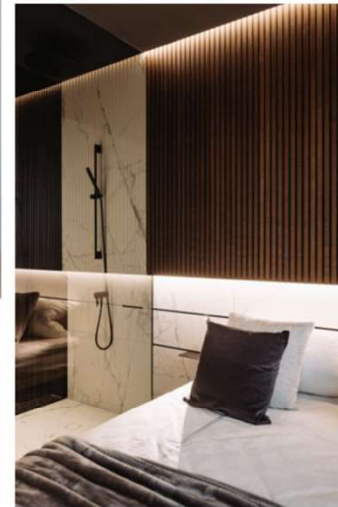

BATHROOM

- Shower trays
- Washbasins
- Bathroom furniture
- Heating elements

INTERIOR

- Open plan
- Stairs
- Walls
- Floors

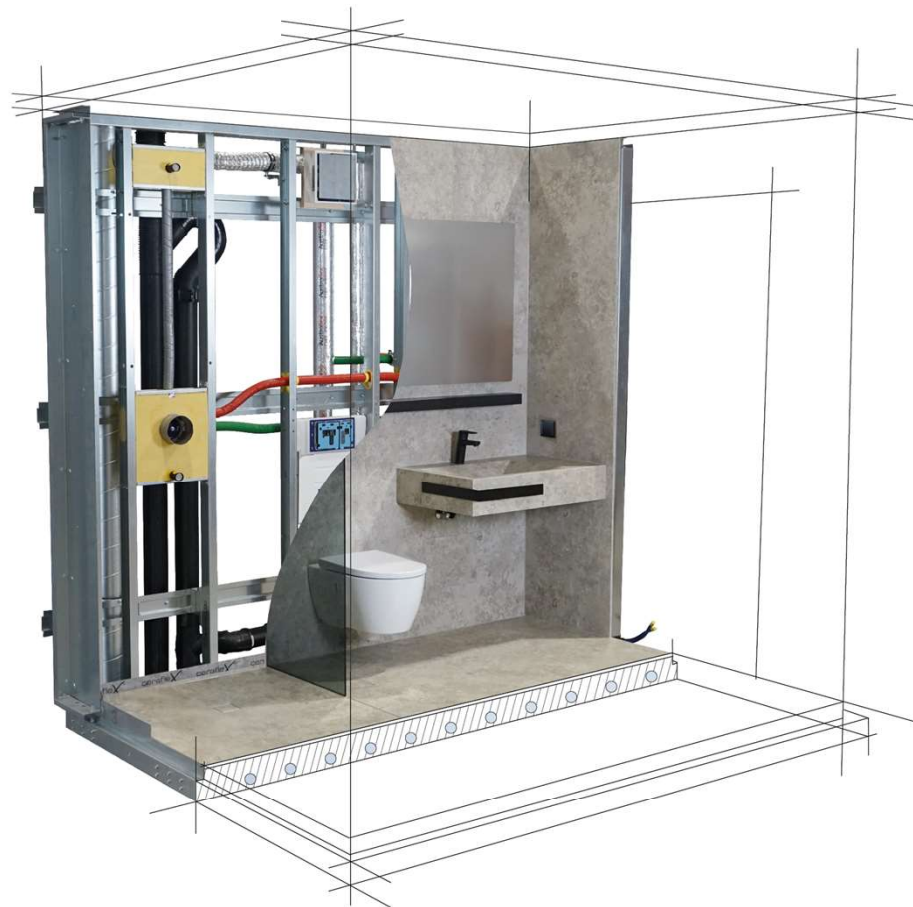

ceraflex

MODULAR PERFECTION FOR FLOORS AND WALLS

After 7 years of development, our modular components – ECOfloor and ECOWall – revolutionise bathroom construction!

With two-dimensional serial production, they enable the creation of a finished bathroom **in just 8 hours** – without involving multiple trades.

- Maximum cost certainty
- Perfect dimensional accuracy
- High-quality ceramics for a permanently flawless look and maximum hygiene
- 5% less space required
- Flexible and sustainable

BEST PRACTICE RESIDENTIAL CONSTRUCTION

SIEMENS HEADQUARTER

- Washbasins
- Shower trays
- Wall with niche
