OUR BRAND

Taste the Mediterranean

TOKA, meaning “**Land**” in Albanian, represents the essence of our Mediterranean heritage.

Our olives and olive oil are a tribute to the rich, fertile land of Albania, where centuries - old olive trees draw their strength from deep, nourishing roots. **TOKA** captures the pure taste of the Mediterranean, embodying the power and generosity of the land in every drop. With each olive we harvest and every bottle we produce, we bring you a piece of our homeland’s natural richness—flavors cultivated by the earth, nurtured by tradition, and perfected by our family’s passion.

A photograph of a glass bottle of olive oil with a cork stopper, sitting on a dark surface. Several fresh olives and olive branches are scattered around the base of the bottle. The text "OLIVE OIL" is overlaid in large, white, sans-serif capital letters, with thin white horizontal lines above and below the words.

OLIVE OIL

TOKA PREMIUM EXTRA VIRGIN OLIVE OIL

Our premium extra virgin olive oil is crafted to the highest standards, ensuring a product of exceptional quality and purity. Made from carefully selected olives, it boasts a rich, balanced flavor profile with naturally low acidity, a hallmark of superior quality. Cold-pressed to preserve its vibrant color, delicate aromas, and healthful properties, TOKA extra virgin olive oil is the ideal choice for those seeking the finest Mediterranean taste. Whether used in cooking or as a finishing touch, it brings depth, richness, and authenticity to every dish.

STATE OF THE ART PRODUCTION FACILITIES

As the largest operator in the Albanian market for olive production and processing, Fenix I.C is proud to carry forward a tradition rooted in the fertile olive groves of Albania—home to century-old trees and a remarkable diversity of native olive varieties. These groves, cultivated for generations, are the soul of our craft, yielding olives of exceptional flavor and quality.

We combine this deep heritage with the latest production technology to ensure consistency, safety, and premium quality across all our products. Our olive stuffing—whether with garlic, almond, pepper, lemon, tomatoes, or other ingredients—is tailored to client specifications, resulting in unique flavor profiles for every market. Every stage of production is closely monitored by our skilled specialists, guaranteeing authenticity and excellence in every batch.

Anchovy

PROCESS

Fenix I.C is also a major operator in the anchovies processing industry. We work closely with International partners and process the fish for them. Our company has all the expertise and dedicated staff to complete all the working processes of anchovy processing. We begin the process by salting the fresh anchovies, maturing the fish, preparing fish fillet up to the final process of conservation in vases or latte. The technological processes are rigorously supervised by our specialists to guarantee the optimal quality and safety of the product.
