

GLUTEN FREE PRODUCTS

Company Profile

The Fara San Martino ancient tradition of pasta making, pure air and natural spring water from the Majella National Park, finest raw materials and passion.

Bioalimenta was established in 1998 in Fara San Martino (Italy), on the Eastern side of the **Majella National Park**, a place known worldwide as the capital of high-quality pasta.

Our products are made using selected raw materials exclusively **Gluten Free** and processed respecting the **Italian Tradition** and the environment that provides us with pure air and natural spring water.

A recognized Gluten Free production of excellence.

Our essential ingredients:

- ✓ A Gluten Free dedicated facility with modern machineries and state-of-the-art equipment
- ✓ Experience of our Master Pasta Makers and constant control of our Quality Department
