AI Solutions for Every Business

AMII DOESN'T JUST DELIVER AI SOLUTIONS — WE PARTNER WITH YOU TO CO-CREATE THEM.

The Amii Advantage:

As one of Canada's three national AI institutes, Amii brings decades of expertise, advancing AI innovation and delivering industry solutions to your team. Companies worldwide work with Amii to leverage our leading-edge research and applied AI expertise to:

→ **BUILD INTERNAL AI CAPACITY**
through our training and talent transfer opportunities.

→ **ACCELERATE AI ADOPTION**
through our proven strategy and development frameworks.

→ **CREATE COMPETITIVE ADVANTAGE**
through full knowledge and intellectual property transfer.

Whether you're just starting to explore the possibilities of AI or are ready to develop advanced AI models, Amii is here to help.

TRAINING:
Build a solid foundation of AI literacy across your team.

STRATEGY:
Identify and prioritize AI projects for your business.

DEVELOPMENT:
Gain expert guidance and dedicated support for your AI project.

AI Experts at Amii

TRAINING

BUILD A SHARED UNDERSTANDING OF AI AND MACHINE LEARNING (ML) ACROSS YOUR TEAM.

ML FOUNDATIONS: Builds foundational knowledge and a shared understanding of machine learning terms and concepts.
- **ML Foundation 1:** 6 hours (3 facilitated/3 self-directed)
- **ML Foundation 2:** 6 hours (3 facilitated/3 self-directed)

AI ETHICS: Equips teams with governance frameworks to manage risk and ensure responsible AI deployment.
- **Ethics 1 – Governance:** 3 hours
- **Ethics 2 – Deployment:** 3 hours

Custom Training: Build a tailored learning program based on your team's needs.
Cost & Time Commitment: Contact Amii to discuss | In person or online

STRATEGY PACKAGE

DEVELOP YOUR TEAM'S ABILITY TO GENERATE AND EVALUATE HIGH-VALUE AI OPPORTUNITIES FOR YOUR BUSINESS.

Skill Building: Build your team's internal capacity for identifying and assessing high-value AI opportunities for your organization with coaching and guidance from Amii experts.

Opportunity Mapping & Prioritization: Three half-day sessions with Amii experts and your technical and non-technical teams to explore and evaluate a list of 30+ high-value AI opportunities.

Feasibility Assessment: An in-depth assessment that ensures your top AI project is viable, including data readiness, risk/value evaluation, literature review and model recommendations.

Time Commitment: ~3 months
Delivery: Online or In-person (Amii HQ or client site)
Cost: Contact Amii to discuss

DEVELOPMENT PROJECT

BUILD A CUSTOM AI MODEL WITH WORLD-LEADING EXPERTISE AND DEDICATED, FULL-TIME PROJECT SUPPORT.

Dedicated ML Resident: Build your in-house capabilities by embedding a full-time, Amii-supervised ML Resident on your team for the duration of your project.

Expert Oversight: Amii Staff Scientists guide your project, ensuring milestones are met and results delivered.

Knowledge Transfer: At project completion, you receive full IP, comprehensive project documentation, and the option to hire your ML Resident.

Time Commitment: 12-15 months
Delivery: Dedicated, full-time project support
Cost: Varies based on project duration and complexity
