Go shopping

Unwrap plastic packaging

Put packaging in Flexybin

Take bag back to supermarket to recycle

Remove and tie plastic bag

Wait for Flexybin to be full

Local collection
(starting in 2027)

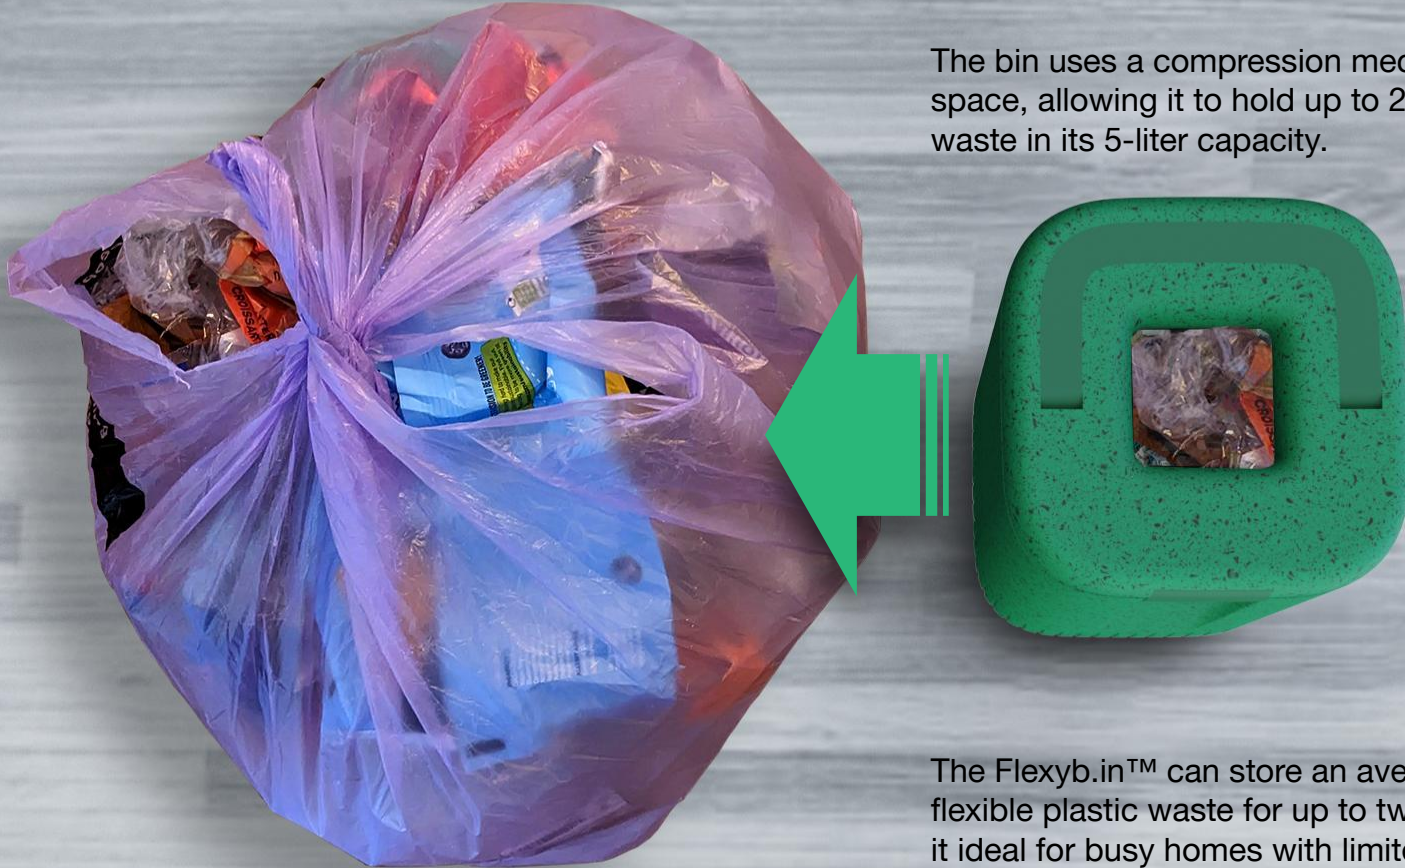

The Soft Plastics Solution

- Easy to use
- Compress 2 weeks worth of plastic waste
- Hanging handle
- EasyTie™ bag system
- Store inside and outside

The Soft Plastics Solution

The bin uses a compression mechanism to save space, allowing it to hold up to 20 liters of plastic waste in its 5-liter capacity.

The Flexyb.in™ can store an average household's flexible plastic waste for up to two weeks, making it ideal for busy homes with limited space.
