

Not Just Yachting. An Art of Living.

WHO WE ARE

At **GEM Services & Yachting**, we understand that yacht ownership demands more than management — it requires **expertise, trust, and consistency**.

Founded by **Captain Katerina Ioannou (Captain A' Class)**, GEM is supported by a team of **specialized marine engineers, naval architects, and surveyors** who combine the **discipline of commercial shipping** with the **elegance and precision of luxury yachting**.

Each client receives **personal guidance and dedicated support**, ensuring that every aspect of ownership remains **smooth, safe, and consistently managed**.

GEM acts as a **trusted partner**, working discreetly & reliably behind the scenes to care for every detail of your yacht — with professionalism you can feel in every interaction.

OUR PHILOSOPHY

At GEM, we work quietly behind the scenes, safeguarding your investment and ensuring that your yacht performs flawlessly every single day.

Our philosophy is rooted in **consistency, reliability, and discretion** — values that guide every action we take and every conversation we have with you.

Because trust is not given — it's earned through professionalism, communication, and results.

We anticipate your needs before you ask — because for us, **your comfort & confidence are the measure of our success**.

OUR CORE SERVICES

Every yacht is unique — and so is every owner. That's why we design tailor-made management frameworks built entirely around **your yacht, your lifestyle, & your expectations**.

- **Yacht Management** – Full operational and technical supervision, budgeting, and port coordination handled with unwavering consistency.
- **Refit & Technical Oversight** – Engineering control, project planning, and quality assurance for reliable long-term performance.
- **Compliance & Safety** – Flag, class, inspections, and audit management carried out with foresight and transparency.
- **Newbuilding Consulting** – From concept design to delivery, acting as your personal representative throughout the process.
- **Sustainability** – MARPOL compliance, hybrid energy, & eco-smart solutions tailored to your yacht's needs.

With GEM, you are never “just another client” — you are **at the center of everything we do**.

OUR NETWORK & COLLABORATIONS

Our strength lies in expertise and collaboration. We work with naval architects from Lürssen and Blohm+Voss, specialized insurance and legal advisors, and a renowned Greek designer celebrated internationally for **Mediterranean minimalism** — interiors that unite art, functionality, and seafaring tradition.

Through this trusted network, we deliver results that reflect **your vision**, executed with the **excellence and consistency** that define the GEM name.

WHERE MASTERY MEETS THE SEA.
