SET UNIVERSITY
Science. Entrepreneurship. Technology.

Empowering Women in Tech Through Education

Who we are?

SET (Science, Entrepreneurship, Technology) University
is a leading technology higher educational institution from Ukraine with a global mission to empower innovators to shape the changing world

Our approaches to education:

- Bringing together the brightest minds in tech, science and entrepreneurship
- Utilizing cutting-edge educational technologies
- Instilling an entrepreneurial mindset and teaching how to build successful startups
- Embracing lifelong learning through a module-based academic credit system

Types of our programs:

- Masters
- Micromasters
- Acceleration programms and bootcamps
- Short trainings and workshops

Our main fields of expertise:

- AI/ML
- Cybersecurity
- Blockchain
- Cloud systems
- Data Engineering
- Leadership in Technologies
- Startup building

BELIEVING IN THE IMPORTANCE OF GENDER DIVERSITY, WE EMPOWER WOMEN IN TECH THROUGH OUR UNIVERSITY PROGRAMS

Over **300 WOMEN** have unlocked new opportunities in tech thanks to our initiatives

GRANTS FOR MASTER'S AND MICROMASTER'S COURSES

FREE TRAINING AND WORKSHOP

FREE BOOTCAMPS AND ACCELERATION PROGRAMS

We are proud that our initiatives are already supported by

USAID FROM THE AMERICAN PEOPLE

Google for Startups

Western NIS Enterprise Fund

We are looking for partners on a mission to support women in tech:

- Sponsors for women's scholarships
- Partners in organizing of programs
- Mentors for programs

Let's build the future together!
