Your Benefits with Globe

By working with Globe, you save valuable time, cut costs on job postings and complicated selection processes, and free up more resources for your core business.

Sustainability:

Minimized risks in employee selection and higher flexibility.

Industry-Specific Expertise:

Our recruiters share new insights on current market trends with you.

A **Single Point of Contact** guides you through the process and becomes the central interface between you and potential candidates. This guarantees high-quality support, reliable communication, and short response times.

We rely on Multichannel Recruiting Strategies:

- Job postings on all leading platforms and industry-specific portals
- Direct approach to candidates
- Database of over 35,000 qualified candidates in Austria
- Database of 12 million global talents
- Established network and active recommendation management

We quickly and reliably deliver the right candidates for your open positions.
