CYBERINNOVATE

BUILDING IRELAND'S CYBER INNOVATION

Cyber Innovate is an innovation training programme for experienced and curious professionals who wish to develop their expertise, skills and network to enable them to found and lead new cybersecurity start-ups.

Join a new generation of cybersecurity experts

Cyber Innovate is a needs-led, full-time, entrepreneurship training programme which uses proven tools such as Design Thinking and Customer Discovery in a specially designed immersive environment which exposes students to real-world cybersecurity problems. The programme provides students with a tax-free scholarship worth €38,000, plus fees of over €5,700 over the 10 month duration. This allows them the time to identify and solve a real cybersecurity problem and then develop and validate an appropriate business model for a new cybersecurity start-up.

Who should apply?

Cyber Innovate is aimed at a high calibre, coachable, ambitious, mid-career experienced professionals from the following broad areas, who have the entrepreneurial drive and a real desire to become part of the next generation of cybersecurity innovators.

- ✓ Cybersecurity

- ✓ Technical (AI, ICT, Engineers, Data Analysts, UX Designers)

- ✓ Commercial (Business, MBA Graduates, Marketing / Sales Leaders)

- ✓ Other (Highly motivated individuals interested in cybersecurity innovation)
