

Transform Your Brand into an Experience

Craft memorable, interactive experiences that truly connect with your audience.

Artivive is **no-code, AI-powered augmented reality (AR) platform** that is designed to **create immersive, interactive experiences** for brands. **In minutes**, you can turn any product, print or space into a dynamic, **multimedia experience** - without coding.

Used in **150+ brands across 192 countries** (including **WWF, Hard Rock Cafe, Desigual** and many more).

🧠 Boost Engagement & Emotional Impact

- With Artivive's interactive AR experiences, brands increase time spent with products and **deepen emotional connections**.
- Campaigns using AR **generate higher recall and social shares**.

📺 Phygital Storytelling That Stands Out

- Bridge **physical and digital** like never before — from **packaging to murals and merch**.
- Add animation, sound, video, or 3D to your print or product for an **unforgettable customer journey**.

⚡ Fast, No-Code, Scalable

- Launch AR in minutes — no dev team required. Our **drag-and-drop editor** works **seamlessly** with your marketing assets and product packaging.

🌐 Create Viral, Social-First Moments

- From selfie walls to limited-edition collectibles, Artivive turns **real-world touchpoints into social media-ready AR content** that fans love to share.
