## ABOUT ECSO

The European Cyber Security Organisation (ECSO) is the **pan-european**, private-public federation (**non-profit**) developing Europe's cybersecurity resilience and strategic autonomy.

Established in **2016** as the European Commission's contractual partner for the **Public-Private Partnership in Cybersecurity (2016-2020)**, we have built on the successes of that partnership to grow our membership and continue to empower cybersecurity communities by providing a platform for cooperation, community advocacy, public-private collaboration, and more.
