An **outstanding** e-University

Meet the challenges of being in a
highly competitive environment

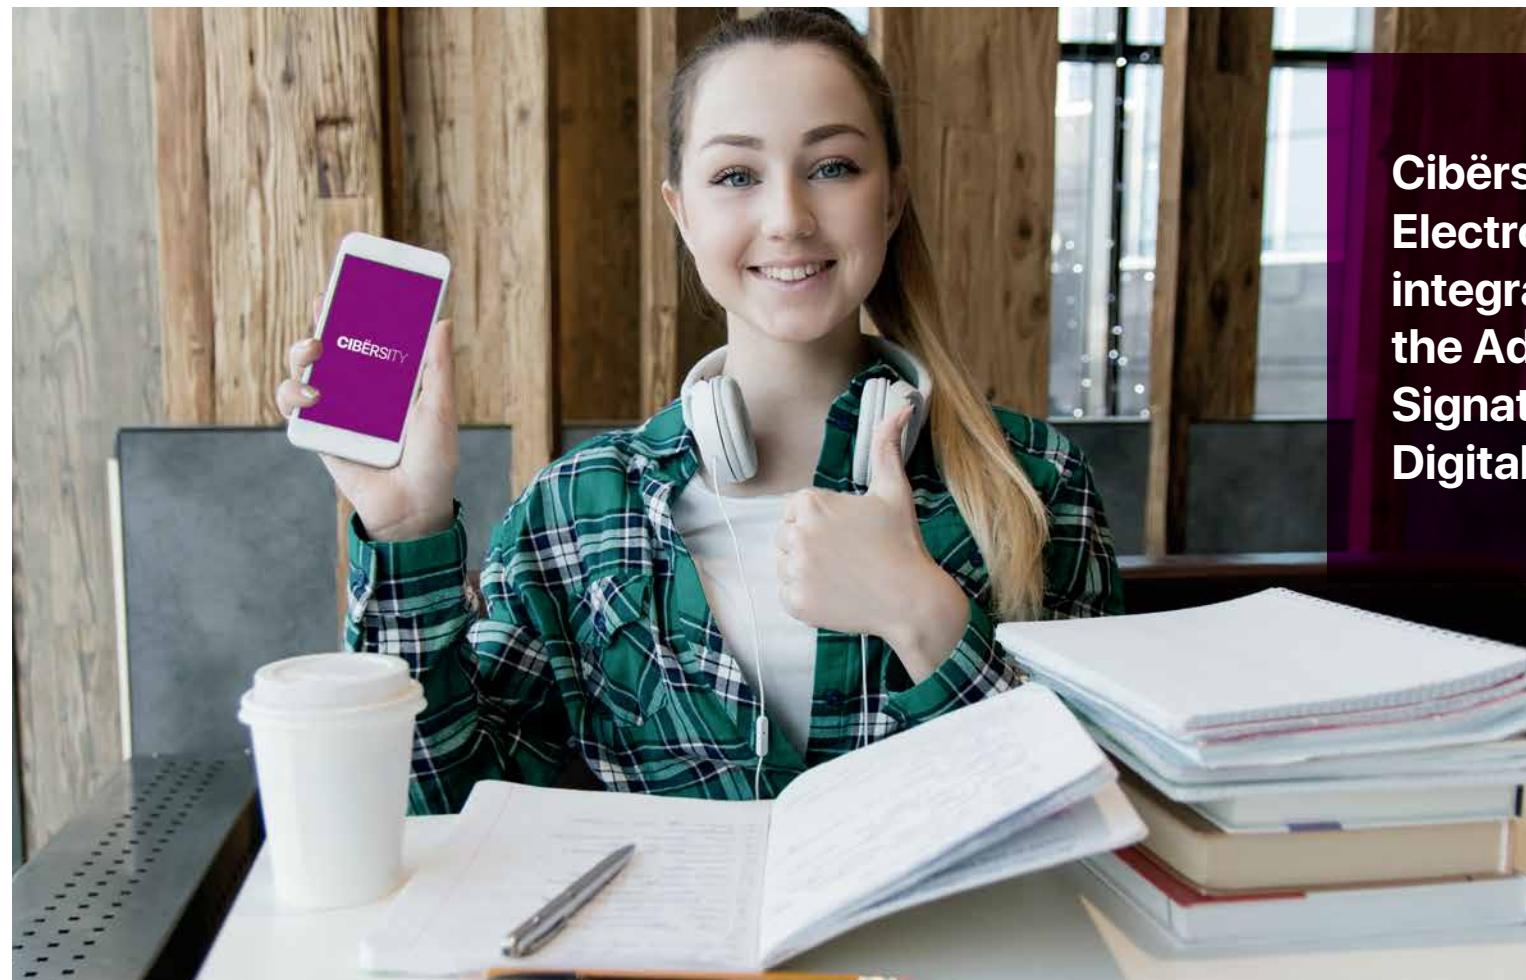

When **Education** and **Technology** go hand in hand, **CIBĚRSITY** goes one step further by providing **Security** and **Legal certainty** as an indisputable guarantee of the prestige of universities and their degrees.

REFLECT

Today's students are technological, they demand a University designed for the present, with a quality service and performance and, also, with the guarantee and certainty of their degrees.

So that institutions can offer answers, not just questions, and be more competitive by placing the Student at the center of their management, **CIBĚRSITY** is the ally and partner of Universities and Higher Education entities, helping them to meet their challenges.

The design of **CIBĚRSITY** products is the result of more than 40 years of consolidated experience of a large multidisciplinary team in University Higher Education, Process Reengineering and Development of eGovernment Software Solutions.

Ciběrsity®
Electronic Records
integrates in all its processes
the Advanced Electronic
Signature and
Digital Certificate

e-University

CIBËRSITY, ELECTRONIC
RECORDS

Software Platform for the **Electronic Governance of Universities** and Higher Education Institutions.

A digital and **100% electronic** ecosystem for the management of university processes and relationships with all its groups (Students, Professors and Managers). The platform works as a virtual office, providing a single and centralized access. A very effective tool to promote a **paperless University** and Environmental care.

An Integral Solution

With Cibërsity, all areas of Management, Academic and Economic Life of the University are handled uniformly without the need for external applications, simplifying and optimizing the whole process:

- Academic Offer Management: A collaborative, easy, flexible and secure ecosystem
- Professors Management.
- Student Management: Personal, Academic and Financial Electronic Record.
- Certifications / Electronic Titles.
- Financial Management.
- Scholarship Management.
- Stewardship / Management: A tool that empowers management.
- Business Intelligence: Global view of the University in real time.
- Integrated Electronic Signature and Digital Certificate: Security and Legal Certainty.
- Virtual Office: Single and centralized access.

CIBËRSITY

What makes **CIBËRSITY** different?

INNOVATION

ZERO paper, 100% digital and electronic management in a secure and legally valid way (Advanced Electronic Signature).

TRANSPARENCY: ACCESSIBLE ELECTRONIC REGISTRY

Electronic Traceability of each of the processes carried out by the University, Professors and Students, as well as of the changes that occur.

AUTHENTIC ELECTRONIC COPY AND ELECTRONIC COMPARISON OF DOCUMENTS

Virtual Office CSV (Secure Verification Code) that allows direct access to the electronic original online.

INTEGRITY. ALL MANAGEMENT IN A SINGLE PLATFORM

For your entire institution, faculties and physical locations.

TECHNOLOGICAL AND LEGAL SECURITY

The platform makes available to students the electronic documents of their university life with the security and legal validity that their **records can NOT be modified**.

ELECTRONIC CONTRACTING

Smart Contracts. Contracting processes within the platform with legal effects.

ENHANCES THE PRESTIGE OF THE UNIVERSITY

Legal Security, Traceability, Transparency.

AUTHORSHIP OF ACTIONS - TRACEABILITY

History detailing who and when the file was accessed and what actions were taken on the file

CMMIDEV / 5SM
CMMIDEV 5 / Reg. 3024-03-24 / Approval #12014

MAXIMUM LEVEL OF CMMI's DEVELOPMENT

Only company in the world with the highest level of CMMI, level 5, in the development of a specific software product for records (electronic files).

Collaborative platform

CIBËRSITY PROJECTS
