# Our values

## Reliability

Our Team strives to provide services at a high level through well-coordinated professional work

## Service

We provide and ensure maximum convenience and ease of interaction at every stage of our work

## Technologies & Innovations

We constantly follow the trends of technologies and innovations, constantly introducing them into our business processes

# Container Transportation

Our specialists with 15 years of experience will help you **develop individual schemes for international container transportation**, taking into account the optimal delivery time, cargo characteristics and transportation cost.

More and more **Ukrainian exporters** choose container transportation for several reasons:

- the possibility of **combining various types of transport** without reloading goods,
- **security** - specialists of the NG Shipping company additionally seal all containers,
- **flexibility** - the possibility of either full container load (FCL), or less than container load (LCL).

# Export of food products

When exporting food products, it is necessary to take into account many nuances connected with product certification, obtaining various commercial and approval documents. This is a process that requires high qualifications and significant experience in foreign markets.

**NG Shipping** specialists **will provide comprehensive advice on the export of food products** and develop an optimal scheme for the international supply of your food products.

**We know** and strictly follow all the rules of transportation, depending on the type of food, terms and conditions of storage. **Our company is used for exporting** canned vegetables, fish, frozen foods, sweets, marshmallows, cookies, cereals and much more.

# Export of alcoholic and non-alcoholic beverages

Organization of the export of alcoholic and non-alcoholic beverages is a labor-intensive process that requires **high qualifications, experience in foreign markets and reliable suppliers.**

**NG Shipping Company** has all of the above components for organizing the export of alcoholic and non-alcoholic beverages. We know and strictly follow all the rules necessary for the international transportation of **wine, beer, vodka, juices, fruit purees and concentrates.**

We **carefully select containers for transportation** - they must be almost perfectly clean, we conduct additional sealing of containers and carry out additional control of the weight of the cargo. All this is done in order to minimize risks and improve the quality of shipping services.

# Development of export strategies

Over the past years, Ukraine has confidently conquered new foreign markets, and our country has already secured the status of a world leader in the export of agricultural products. According to viewpoint of numerous experts, there is still a lot of potential ahead.

In order to successfully enter foreign markets, **exporting companies need export strategies** that allow them using the company's potential and competencies, responding in a timely manner to changes and using various trends.

**Specialists of NG Shipping Company will help you** develop and implement an export strategy, **from analyzing potential markets**, developing an optimal model for entering the market, working out branding and marketing, adapting a product, creating a communication strategy and promotion channels, and **ending with providing a reliable product supply chain**.

# Delivery of vehicles from the US

**NG Shipping** has been importing vehicles from the USA since 2016. The prices for vehicles in the USA are 30-40% lower than in Ukraine; however, in terms of their technical condition, they are superior to those sold in Ukraine.

Specialists of NG Shipping will help you choose a vehicle from the USA for the optimal budget / quality ratio. We have our suppliers in the United States; we verify the history of vehicles and work under a contract.

We have transparent pricing, and thanks to our own logistics service, we provide pleasant prices for our services.

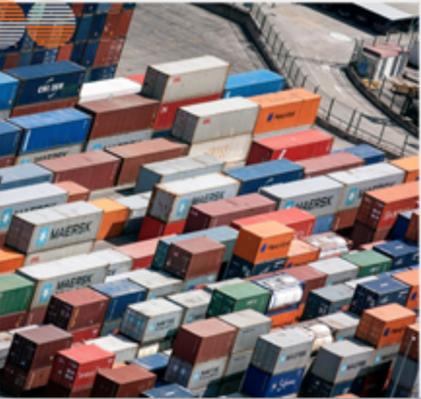

# Clients appreciate us for:

- ✓ **Transparent** pricing
- ✓ **Flexible** terms & conditions
- ✓ **Insurance** against risks and faults
- ✓ **Teamwork** and performance
- ✓ **Openness** and care
