REAL MEN REAL BOXERS REAL BUSINESS

Company Mona OK Group

About Us: Mona OK Group has been successfully developing its business since 1994. We started with retail and wholesale trading of lingerie and corset products. Now, our assortment includes home wear, swimsuits, tights, leggings, socks, home textiles, and other products.

Our Services:

- We offer the development and production of collections under your own brand.
- SIA MONA OK is a distributor of several European companies.
- We provide logistics services to deliver goods to customers.

Our Mission:

- Our mission is to offer excellent service and prices.

Our Experience:

- Mona OK has extensive experience in selling men's underwear, so we can call ourselves experts.
- Using our experience and knowledge of customer preferences, we can offer products of the highest quality at the best prices.

Quality Control:

- We conduct production control processes and strive for the best results.

Customization:

- We offer our clients the opportunity to choose products and display their logos or brand names on the products. Thermal printing or print can be used.
- Customers can choose any color according to the minimum quantity requirements.

PRIVATE LABEL PRODUCTION SERVICES

Our Company

We have more than 15 years of experience in manufacturing in China. During production, we control the development and ensure quality not only at the initial stage but also throughout the production processes. We oversee inter-operational operations, the placement of labels and packaging, as well as packing lists and logistics.

We have earned the respect of our international clients and partners in purchasing and sales. That's why we offer customers services for placing orders under their own brands (Private Label). Additionally, MONA OK can ship products from Latvia/Riga to the customer's address, or directly from China. The company collaborates with reliable partners in China and Hong Kong. All agreements are well-thought-out and secure.

If you want to produce products under your own brand and place orders regularly, we will help you design a collection, provide samples, create packaging according to our design that fits your brand style, check its compliance, monitor the production process, and assist with delivery.

Our services are already used by partners from Baltic countries, several other European Union countries, as well as the Eurasian Economic Union.
