OUR PARTNERS ABOUT US

MATTI MAASIKAS

Head of the Delegation of the European Union to Ukraine (2019-2023)

(Green Deal) brings Vinnytsia to a leadership position in terms of the green transition of Ukraine, and can inspire and accelerate the green transition at the local level.

FÉLIX BAUMANN

Ambassador Extraordinary and Plenipotentiary of Switzerland to Ukraine

Cooperation between Vinnytsia and the Swiss Confederation is not only about trams. We implemented many projects on energy efficiency, integrated urban development, human capital development and digitalization. **This is a vivid case when innovative approaches and tools are used in our cooperation.**

BOGDAN WENTA

Mayor of Kielce (Poland), sister-city of Vinnytsia

You have a very beautiful and clean city. It is clear that there are good hosts here. **In Vinnytsia you can feel the European spirit.** Ukraine is an independent country and has to strive to European family, because the bigger the European family is, the happier the people are.

OLHA STEFANISHYNA

Deputy prime minister for European and Euro-Atlantic integration of Ukraine

Vinnytsia's Green Deal was a logical continuation of the community's long-term plans for sustainable development which had been developed before. I am grateful to the leadership of the city and region for the involvement of international partners and experts.

ERIC SCHWEIKHARDT

project manager of "Integrated city development in Ukraine II" from GIZ

The city government in Vinnytsia is not only one of the most involved and active, but also the best in maintaining relations with other partner cities. The implementation of the Vinnytsia-2030 concept makes it possible to achieve high performance and successfully implement events and projects.
