MOLINARI RAIL MISSION

«At Molinari Mobility we use our broad technology knowledge to design and deliver zero-emission-solutions for passengers and freight services, which integrate already today the technologies of tomorrow.

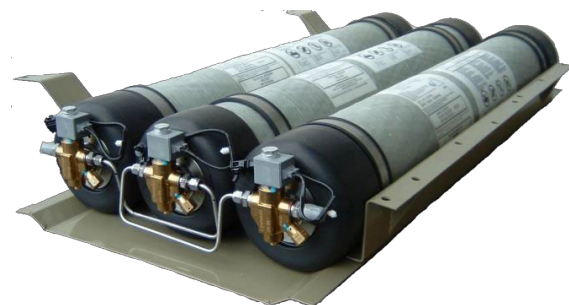

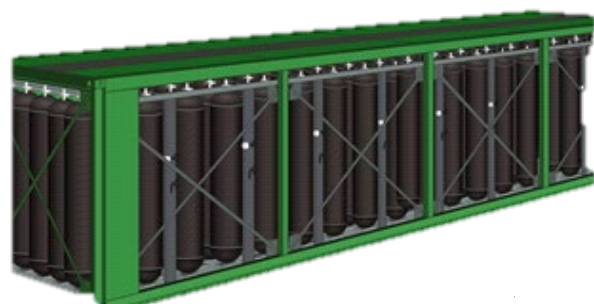

Our goal is to make a substantial contribution for the transition from carbon fuel mobility to zero-emission solutions and to make our smart solutions available to all the world.»

Michele Molinari

Owner and Chairman of Molinari Group

GREEN ZERO EMISSION MOBILITY

TECHNOLOGIES FOR THE MOST SUSTAINABLE MODE OF TRANSPORT. MADE BY MOLINARI.
