

↑**Impact-eu**

Who we are

IMPACT-EU unites 17 partners across 14 countries to improve psychosocial care, quality of life and equity for children with cancer and their families.

What we are working on

We develop psychosocial care standards, map services, provide training and tools, pilot implementation and deliver policy recommendations across Europe.

What's the one thing we need next

We need psychosocial care recognised as essential as medical care, with the resources and integration required for equitable access for every child and family.

Stronger together
Psychosocial care
is a **must have**!
(and not a nice-to-have)

**5 years Mission Cancer:
Stronger Through Connection**

BRUSSELS

29 SEPTEMBER – 01 OCTOBER
