GRAPEFRUIT DROP:

artisan grapefruit tonic

in can (0,33 L) and in keg (30 L)

energy / 100 ml

96 kj (23 kcal)

fat / 100 ml

0,013 g

of which saturated fatty acids

2,732 g

carbohydrates / 100 ml

7, 121 g

of which sugars

7,121 g

protein / 100 ml

0,015 g

fiber / 100 ml

0,030 g

salt / 100 ml

0,040 g

Ingredients:

drinking water, glucose-fructose syrup, lemon purée, citric acid, salt, flavorings, preservatives (sodium benzoate, potassium sorbate)

Our thoughts:

Try something unique—local, small-batch craft products made with more natural ingredients and a touch of creativity. Experience the exciting play of tart notes, juicy and light fresh fruits, and the refreshing power of a drink that simply is what it is. A tonic that doesn't try to be more—just a straightforward grapefruit tonic. Honestly, it is a good choice for GIN TONIC...

EASY TEA

artisan passion fruit ice tea

in can (0,33 L) and in keg (30 L)

energy / 100 ml

96 kj (23 kcal)

fat / 100 ml

0,013 g

of which saturated fatty acids

2,732 g

carbohydrates / 100 ml

7, 121 g

of which sugars

7,121 g

protein / 100 ml

0,015 g

fiber / 100 ml

0,030 g

Ingredients:

drinking water, glucose-fructose syrup, lemon purée, lemongrass, black tea extract, flavoring, preservatives (sodium benzoate, potassium sorbate)

Our thoughts:

The tea that's as relaxed as a summer afternoon. It doesn't try too hard — and neither do you. Made with natural ingredients and much less sugar. Not fizzy. Not lemony, not peachy. Passion fruit-flavored. It's fresh, with a hint of exotic flair. We took a familiar style and tweaked the proportions a bit, most importantly cutting out unnecessary sugar. We even added a touch of funk to make sure the result isn't as boring as the sixth season of your favorite series. Some of our partners who are good at making COCTAILS, use this products in various cocktails as a secret ingredient.

ELECTRIC LEMON

artisan bitter lemon soda

in can (0,33 L) and in keg (30 L)

energy / 100 ml

96 kj (23 kcal)

fat / 100 ml

0,013 g

of which saturated fatty acids

2,732 g

carbohydrates / 100 ml

7, 121 g

of which sugars

7,121 g

protein / 100 ml

0,015 g

fiber / 100 ml

0,030 g

Ingredients:

drinking water, glucose-fructose syrup, lemon purée, lemongrass, citric acid, salt, flavoring, preservatives (sodium benzoate, potassium sorbate)

Our thoughts:

Your bitterly citrusy thirst-quenching friend. A light yet complex-flavored craft soda where juicy fruits and the vibrant zest of lemongrass mingle with exciting hints of spices. Thanks to its reduced sugar content, every sip feels like a gentle breeze that truly quenches your thirst without weighing you down. Made with citrus pulp because we can. So summery that even in the middle of winter, you'll find yourself craving flip-flops. Tangy? Absolutely. Boring? Never.

ROOT FIZZ

artisan ginger soda

in can (0,25 L) and in keg (20 L /30 L)

Energy per 100 ml: 186 kJ

Protein: 0 g

Carbohydrates: 11 g

—of which sugars: 11 g

Fat: 0 g

—of which saturated fatty acids: 0 g

Salt: 0 g

Ingredients:

drinking water, glucose-fructose syrup, ginger juice, ginger extract, ginger flavor, citric acid, spices, preservatives (sodium benzoate, potassium sorbate)

Our thoughts:

Extra ginger—both in juice and extract form. But imagine this: it's not just one type of ginger that powers this small yet wild little ginger soda! A carefully crafted blend of different ginger varieties delivers the most ginger-forward punch straight to you. Made with natural ingredients, and a touch of secret hübris makes it truly memorable and an instant favorite. It stands out on its own, and it's also perfect for COCTAILS.

YERBA FLOW

artisan mate tea

in can (0,25 L) and in keg (20 L /30 L)

Energy per 100 ml: 93 kJ / 22 kcal

Protein: 0 g

Carbohydrates: 7 g

—of which sugars: 7 g

Fat: 0 g

—of which saturated fatty acids: 0 g

Salt: 0 g

Ingredients:

drinking water, glucose-fructose syrup, mate tea extract, lemon purée, citric acid, colorant, natural caffeine, preservatives (sodium benzoate, potassium sorbate)

Caffeine content: 20 mg / 100 ml

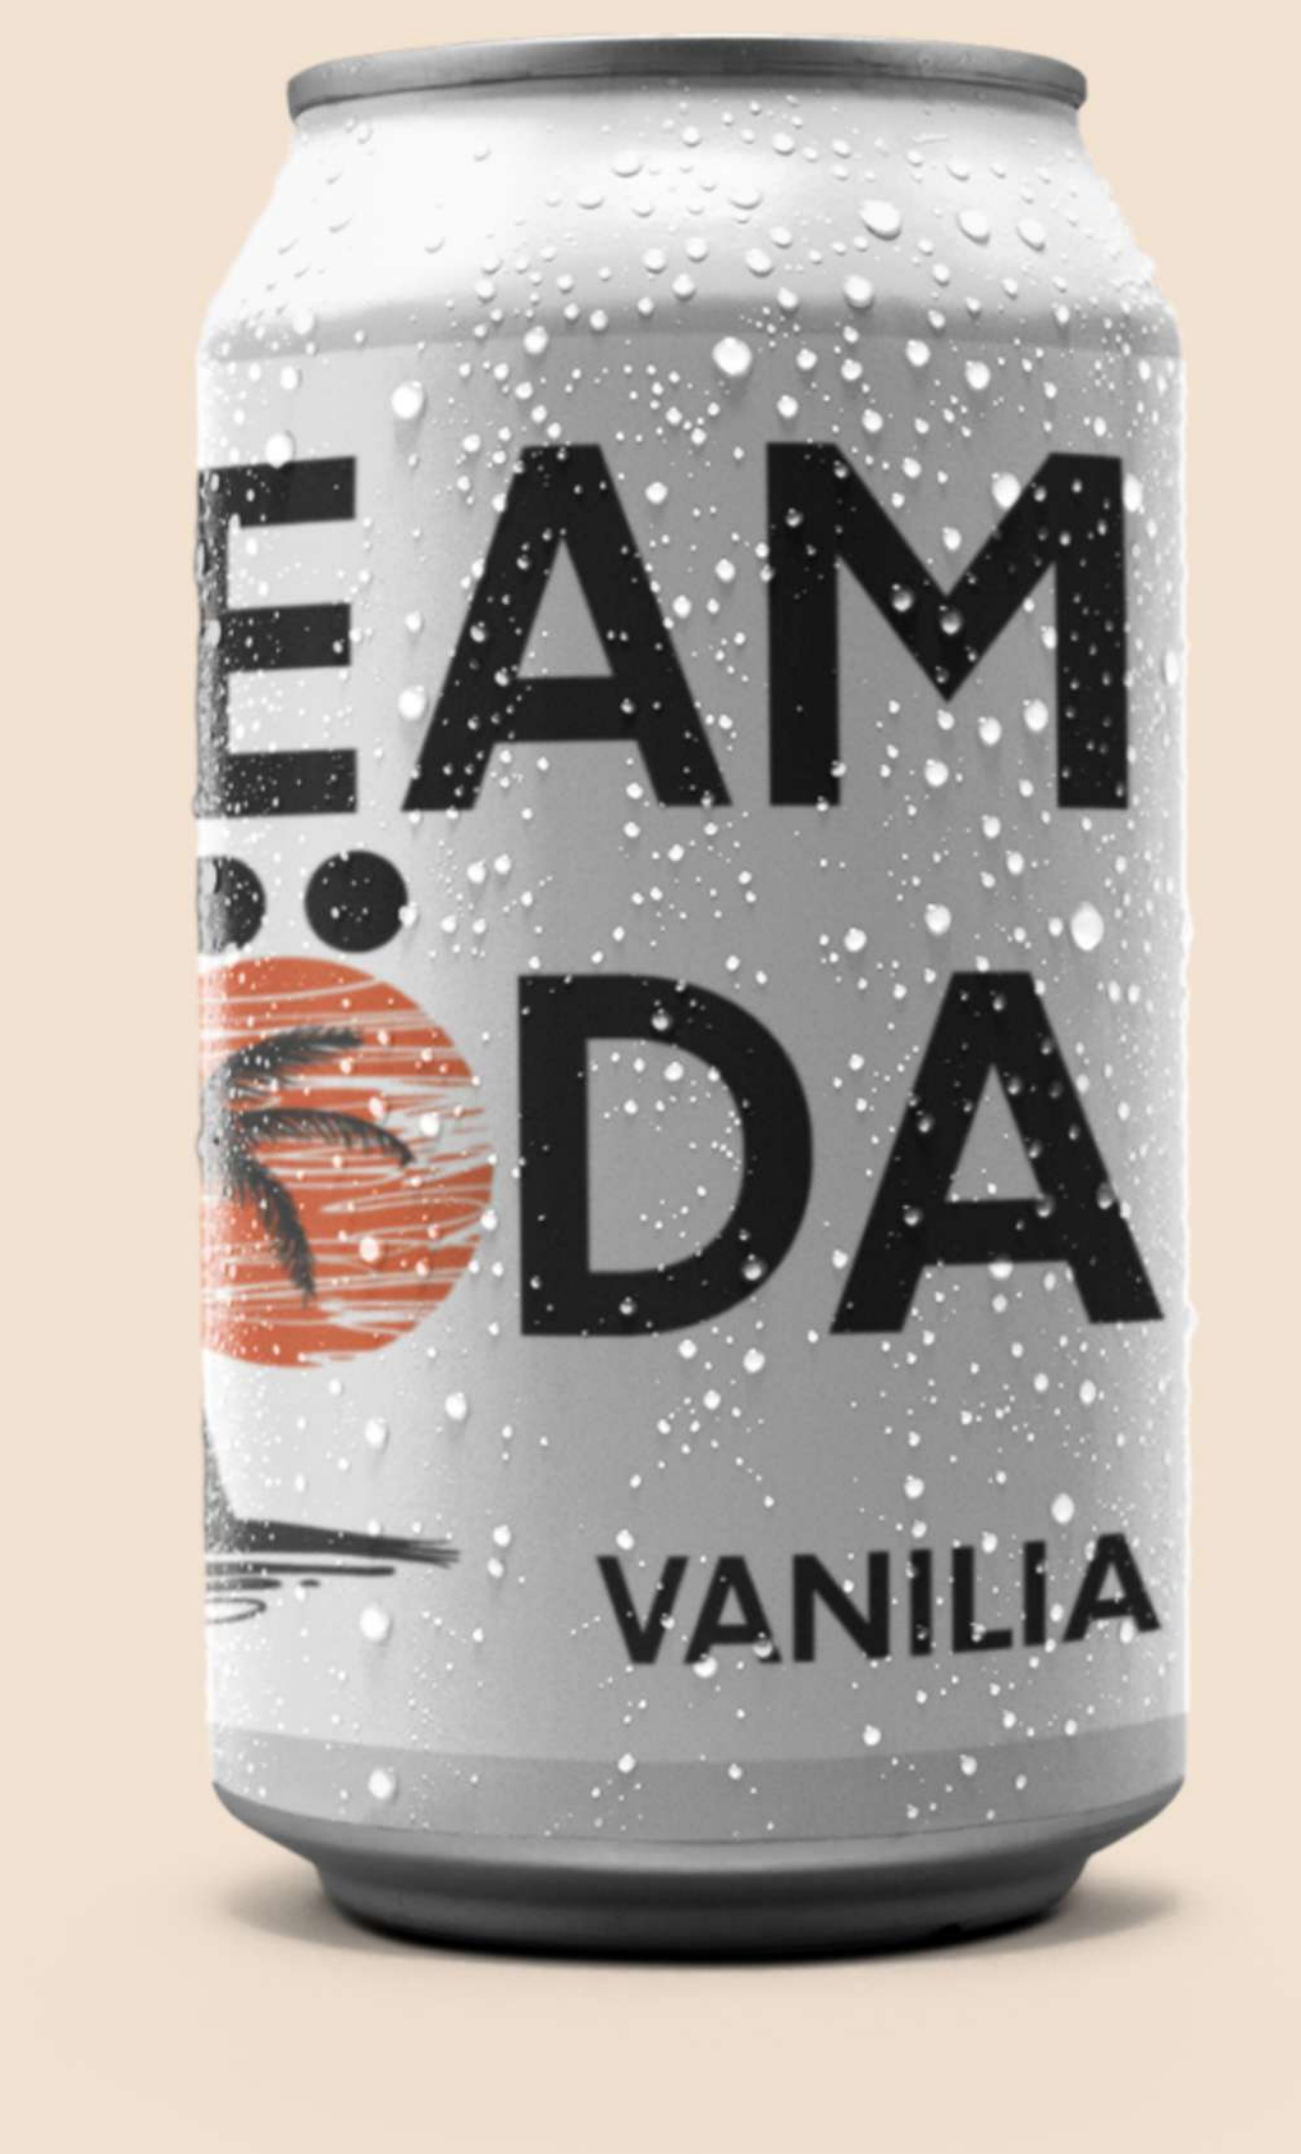

Our thoughts:

A cup of caffeine that offers a completely different experience. The same goes for our premium soft drinks—including Yerba Flow: small in size, yet packed with intensity. We wanted to deliver a high level of stimulation so you no longer have to choose only from endlessly sugary energy drinks. This little can contains much more natural goodness and far less sugar, here to be your companion when you need focus.
