NEUVIOR Pharmaceuticals started feasibility testing at the Biorenewables Development Centre (BDC) in York on April 17, supported by a recent funding award from Innovate UK, which will last until April 21.

Varun Cruz, founder of NEUVIOR, said: "ZYLON is about turning early-stage ideas into real, testable data.

Before you leave, look at these selected top stories

BDC is happy to support NEUVIOR on their development journey of an exciting biobased product range.

"Being able to rapidly and flexibly support innovators with facilities and resources is one of our specialisms."

The work at the BDC will provide the early-stage data needed to inform future development and scale-up plans.
