Description of the Organisation

MOSAIC FACTOR was founded in 2016. Experience on EU projects since 2008.
We are specialists in Digital Twins, Big Data and AI.

We are a team of 15 experts in data science, software engineering and innovation management. Strong background in automotive.

Our mission is to help organizations to solve problems with data to make a positive impact on society.

Your Teams' Expertise

We focus on the development of custom algorithms;

Robust and scalable solutions for clients looking to address issues related to data governance.

integrating predictive capabilities, increasing productivity, and understanding markets.

Project Idea

Call Topic: HORIZON-CL5-2026-01-D6-05: Approaches, verification and training for Edge-AI building blocks for CCAM Systems (CCAM Partnership)

Deadline Date: 20th of January 2026

Objectives: Ensure Edge-AI technology is automotive compliant and suitable for CCAM

Expected Results:
- Optimization and Deployment of Edge-AI Models for CCAM Vehicles (considering cost, connectivity, computational capacity and trustworthiness)
- Methodology for Verification, Updating, and Reliability of Edge-AI Models
- Use Cases and Validation in Real-World Scenarios

Consortium – required partners

No	Expertise	Type	Country	Role in the project
01	Edge-AI for CCAM	OEM	TR	Training and testing Edge-AI
02	Edge-AI for CCAM	Tier-1	TR	Training and testing Edge-AI
