Minimum Desired Product (MDP)

Blending UX Marketing, Lean UX principles, and Rapid Prototyping to **deliver exceptional user-centric** mobile apps and products, exceeding the customers' expectations.

SMARTUP MOBILE SOLUTIONS

Minimum Desired Product

Empowering **Product Design** with **Marketing**

- ✓ Objective demand data extracted from smart market research
- ✓ Business requirements and KPIs
- ✓ Optimal user experience

Our Holistic Approach

1. Product Value Definition
2. Market Research
3. Demand Analysis
4. User Journey Design
5. MDP Features
6. MDP Development
7. Rapid MDP Launch
8. Go-to Market
(strategy and business KPIs)
9. User Feedback
10. Analytics & KPI Tracking
11. Digital Strategy
(effective strategies for the promotion and adoption of digital products and services)

A man in a light blue shirt stands in the center of a modern office, pointing at a large digital screen. The screen displays various data visualizations, including a donut chart, a bar chart, and a line graph. Several people are seated around a long wooden table in the foreground, looking towards the screen. The office has large windows on the left, letting in natural light, and modern pendant lights hang from the ceiling. The entire image is overlaid with a semi-transparent teal filter.

SMARTUP COMMERCIAL SOLUTIONS

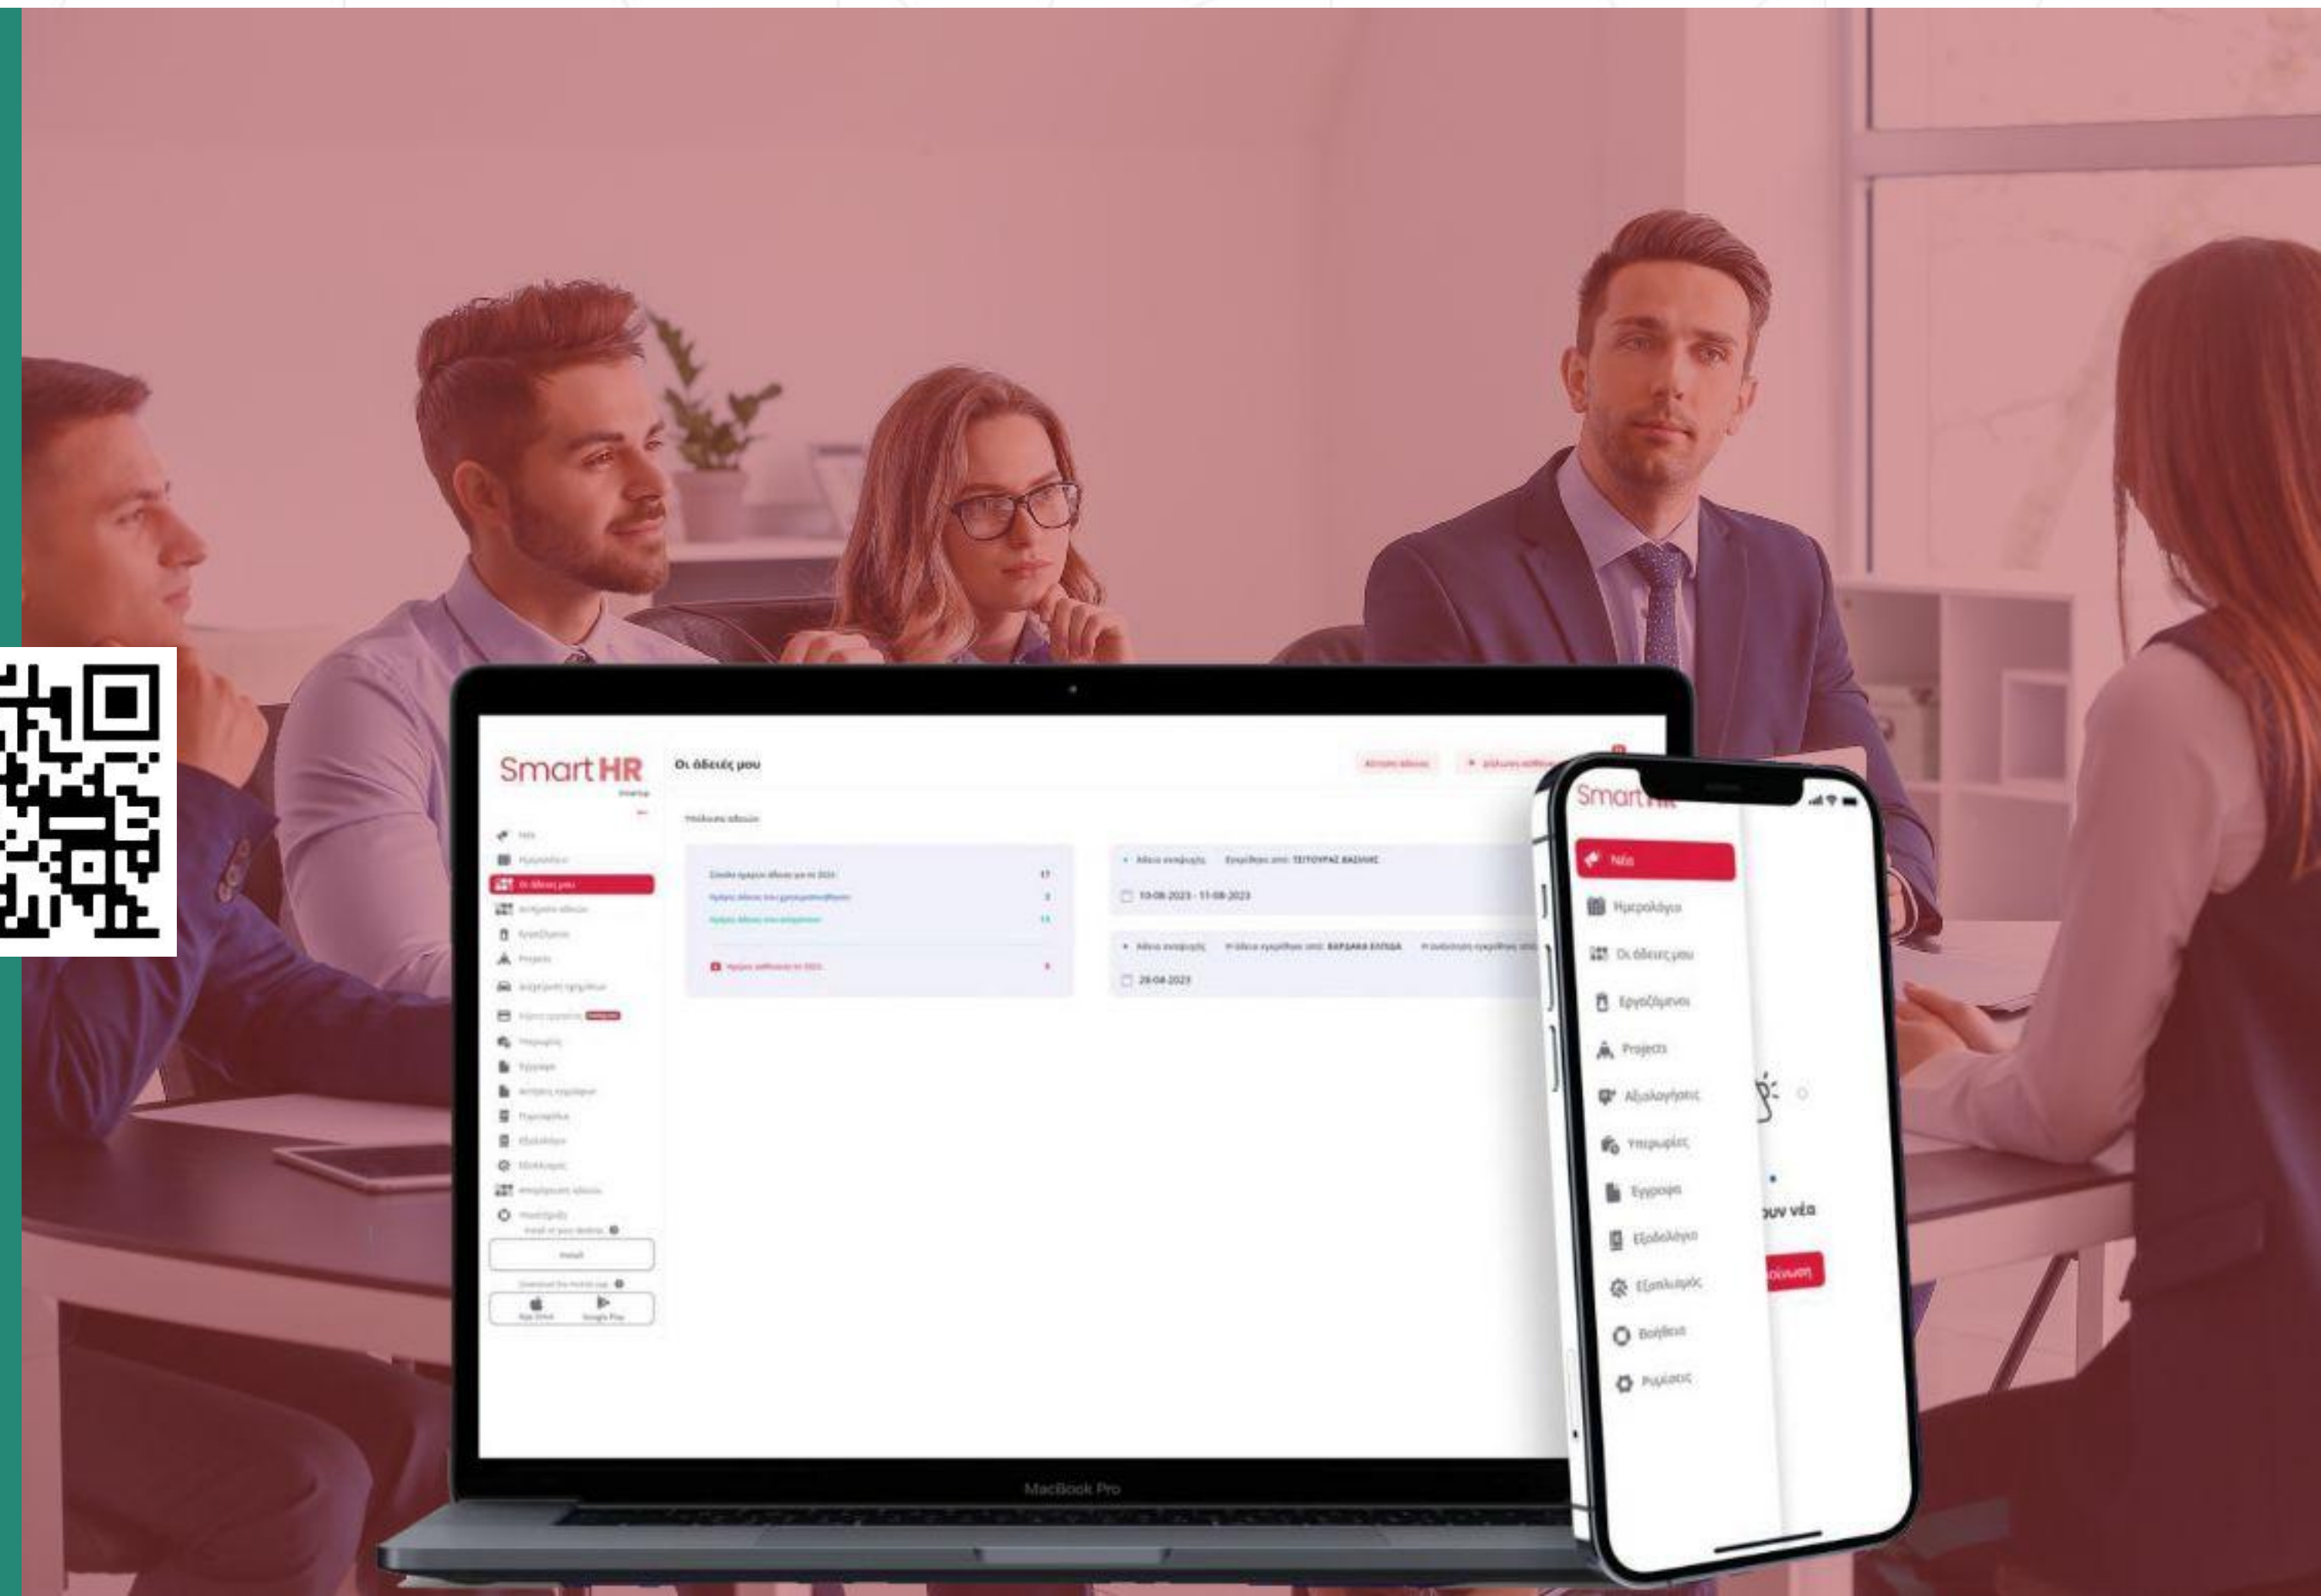

Lightweight & Affordable HR Solution

A photograph of three business professionals in a modern office setting. On the left, a man with a beard and glasses, wearing a suit, is shaking hands with a man on the right who also has a beard and glasses and is wearing a suit. A woman with long hair, wearing a blazer, stands between them, smiling. The background shows large windows and office buildings. The entire image has a teal overlay.
