SPODRA

SPODRA

Spodra is an EU-based manufacturer of high-quality household chemical products, serving homes and businesses worldwide since 2007. With a strong commitment to affordability, reliability, and sustainability, our products combine everyday practicality with the durability and safety standards found in professional and hospital-grade solutions.

Managing several world-renowned brands, we deliver innovative, long-lasting products that meet the highest expectations, ensuring every household and workplace enjoys quality they can trust.

We offer flexible production options, catering to both small and large quantities, and can create products using custom formulas tailored to our clients' specific needs.

OUR BRANDS

Spodra offers a large portfolio of trusted brands to meet the needs of different consumer groups. From Midopharm, delivering hospital-grade disinfectants for professional settings worldwide, to Kuper, providing high-quality personal care cosmetics and household products, My Baby, offering gentle and safe items for infants, Bante, specializing in everyday personal hygiene, VetJo, focusing on veterinary products, as well as Out!, offering effective repellents, our brands combine quality, safety, and performance. Backed by an experienced team of formulation chemists and technical specialists, we are dedicated to continuously developing new products to expand and enhance the range of each brand, ensuring our customers always have access to innovative and reliable solutions for households, businesses, and professional environments alike.

WE PRODUCE

Spodra operates flexible manufacturing facilities capable of producing a wide variety of chemical, personal-care, and hygiene products for both household and professional markets. Our advanced production lines, supported by in-house laboratories and strict quality control, allow us to deliver everything from small custom batches to large-scale volumes with consistent safety and performance. With full formulation, packaging, and branding possibilities, alongside reliable worldwide delivery, Spodra provides businesses with tailored solutions and the technical expertise needed to bring high-quality products to market efficiently and confidently. Our portfolio includes a broad spectrum of items, from detergents and cleaners to personal-care, disinfectants, repellents, and specialized industrial and professional products.

DETERGENTS

At Spodra, we produce high-quality detergents and fabric softeners designed to make laundry easier, cleaner, and more sustainable.

Our detergents designed for both household and professional use. Our advanced formulations tackle everyday stains and heavy-duty loads with equal efficiency, protecting fabrics while delivering a deep, long-lasting clean. Whether for home care, hospitality, or large commercial operations, Spodra detergents combine consistent quality with reliable performance.

Complementing our detergents, Spodra fabric softeners bring an extra level of care to every wash. They leave textiles soft, fresh, and easy to maintain, helping garments and linens retain their look and feel over time. With a focus on dependable supply and scalable production, Spodra supports businesses and retailers seeking trusted, high-quality laundry solutions.

REPELLENTS AND INSECTICIDES

Spodra also manufactures a diverse range of high-performance insect repellents, offering several trusted brands to meet different market needs. Our formulations provide effective, long-lasting protection while maintaining safety standards for household and professional applications. From everyday consumer use to outdoor and industrial settings, Spodra repellents are designed for dependable results across a wide variety of environments.

With multiple brands under the Spodra umbrella, we give distributors and retailers flexibility to serve different customer segments and preferences. Each product is developed with rigorous quality control and scalable production, ensuring consistent supply and performance. Whether you're looking to expand your portfolio or strengthen your private-label offerings, Spodra delivers proven repellent solutions backed by experience and innovation.

CLEANERS

Spodra produces a complete range of professional and household cleaners designed to tackle every cleaning challenge—from everyday surfaces to heavy-duty jobs. Our portfolio covers floor care, glass cleaning, multi-surface solutions, and specialized formulas for grills and ovens, all developed to deliver powerful results while being safe and efficient. Whether for home maintenance or demanding commercial environments, Spodra cleaners provide reliable performance and a spotless finish.

With multiple product options and scalable production, Spodra gives distributors and businesses the flexibility to serve diverse customer needs. Each cleaner is crafted under strict quality control to ensure consistency, strong cleaning power, and dependable supply, helping our partners maintain high standards and meet market demand with confidence.

COSMETIC AND HYGIENE ITEMS

Spodra develops a comprehensive selection of cosmetics and personal-care products, including shampoos, skin cleansers, shower gels, and nourishing soaps. Each formula is created to gently cleanse and refresh while caring for different skin and hair types, combining effective performance with appealing fragrances and textures. Our products are suitable for both household consumers and professional environments such as spas, salons, and hospitality venues.

We also produce high-quality nail polish removers and other specialty items, giving retailers and distributors a complete personal-care offering under one trusted manufacturer. With rigorous quality control, scalable production, and flexible branding options, Spodra helps partners deliver safe, luxurious, and reliable hygiene solutions to meet diverse market demands.

HOSPITAL-GRADE PRODUCTS

Spodra produces a full line of hospital-grade disinfectants, sanitizers, and specialized cleaners developed to meet the rigorous demands of healthcare, food service, and other high-hygiene environments. Our formulations are tested for broad-spectrum effectiveness, providing reliable protection against bacteria, viruses, and other pathogens while remaining safe for professional use on a variety of surfaces.

With scalable manufacturing and strict quality assurance, Spodra ensures consistent supply and proven efficacy for hospitals, clinics, laboratories, and commercial facilities. Whether for routine sanitation or critical infection-control protocols, our disinfectant and sanitizer range delivers the dependable performance businesses need to maintain the highest standards of cleanliness and safety.

WHITE LABEL SOLUTIONS

Spodra offers white-label manufacturing services that allow partners to bring their own branded products to market with confidence. From formulation and packaging to labeling and regulatory compliance, we provide a seamless end-to-end process. Our facilities are equipped to produce a wide range of household, personal-care, and industrial cleaning products, giving clients the freedom to customize formulas, scents, and packaging to match their brand identity.

With flexible production volumes and global shipping capabilities, Spodra supports businesses of all sizes—from start-ups to established international brands. Our commitment to consistent quality, reliable timelines, and responsive customer service ensures that partners can scale quickly and deliver their own products to markets worldwide while maintaining the highest standards of performance and safety.
