CUSTOMERS

TESTIMONIALS

“ Working together with EKTOS has made us an even stronger company when it comes to software and app development. Due to their skills in app development and wireless communication, we have achieved all we set out to do, and are very satisfied with the collaboration.”

Jacob Nymann Petersen,
Marketing Manager - Promovec

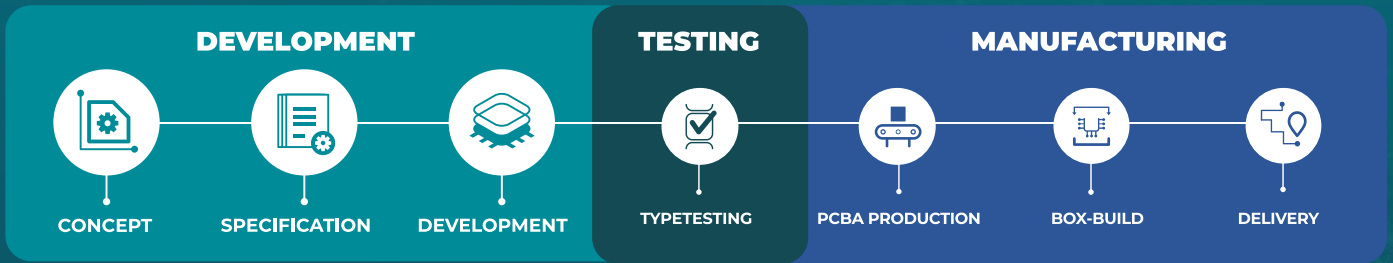

“ We need to collaborate with experts in electronics and IT and we have collaborated intensively with EKTOS. We are especially impressed with their ability to manage development projects.”

Lars Frederiksen,
CTO - LED iBond

SEAMLESS DEVELOPMENT PROCESS

Connecting development to in-house testing, and manufacturing services
