Place of ICP in the Beneficiary Support Ecosystem

Support in the areas of:

Smart services

Data science

Artificial intelligence

Digital networking

Internet of Things (IoT)

Smart logistics and cities

Digital agriculture

Digital education

Digital administration

Digital technologies (across
all sectors)

Virtual reality VR

Supported
European
Partnerships:

What sets us apart?

Specificity of ICP –
multiple projects within
a single undertaking

Interdisciplinarity

Diversity of competencies

Expert knowledge – access to
the know-how of the entire
ŁRN

Practical knowledge of
design-related issues

Industry
knowledge

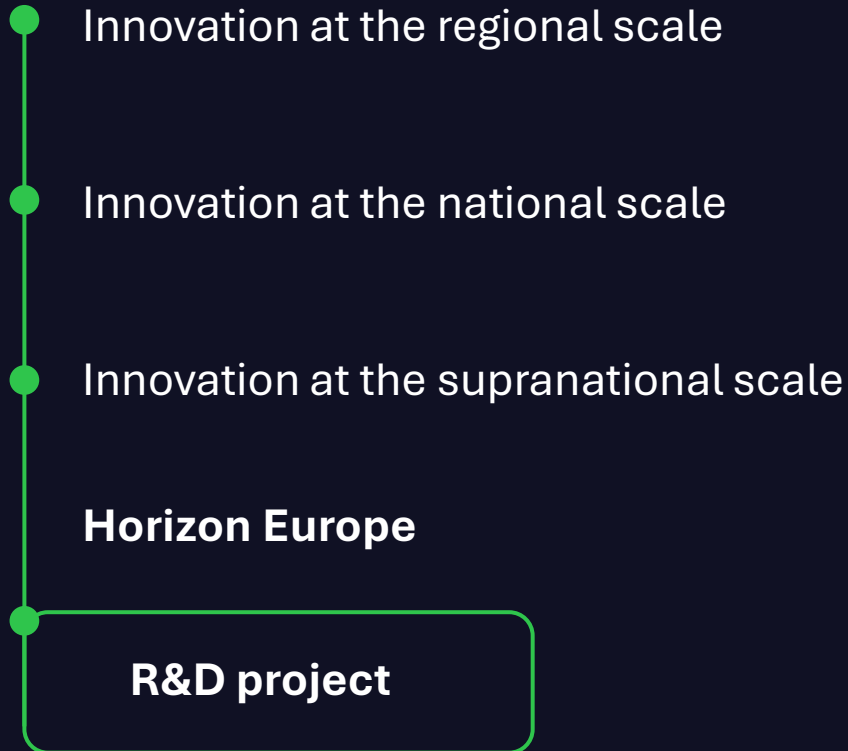

Collaboration with the European
R&D ecosystem

How do we work with ICP clients?

Individualized approach

Levels of project maturity

Support pathway implemented by ICP:

- Informing about Horizon Europe Promoting
- Horizon Europe and Partnerships
- Highlighting the benefits of participating in Horizon Europe projects
- Consultations regarding the possibilities of obtaining funding from Horizon Europe
- Matchmaking and networking
- Industry consultations
- Networking and brokerage activities
- Searching for international partners
- Promoting project ideas (e.g., pitching, contact/client database)
- Identifying relevant competitions based on needs
- Analyzing competition topics in terms of the potential of entities
- Building partnerships
- Substantive support in refining the project scope (expert consultations)

Success stories

Over 3,088 Polish entities gained knowledge and raised awareness about the Horizon Europe Program and European Partnerships through industry-specific training, webinars, and thematic conferences organized by ICP.

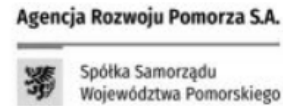

Approximately **955 B2B meetings** were held during international events, matchmaking, and brokerage activities involving Polish entities.

770 individual industry consultations regarding Horizon Europe competitions were conducted.

305 Polish entities were connected with foreign partners to build project consortia for Horizon Europe.

A significant increase in the number of Polish beneficiaries and the value of projects in Horizon Europe compared to Horizon 2020 (676 Polish entities in 1,270 projects = 664.7 million EUR).
