MOBILE JAW CRUSHER

RUBBLE MASTER

Makes You More Money

A HEAVY-DUTY JAW CRUSHER DESIGNED TO TAKE THE BRUNT

Since 1991, we've established ourselves as the world's leading crushing and screening experts. Our products are used by the most cutting-edge contractors and aggregate producers worldwide while being the #1 choice for those brand-new to crushing. We look at crushing in its entirety and design best-in-class every step of the way. More than 4,000 happy customers can't be wrong.

“

Starting with a blank canvas allows you to forge a machine that unites the best solutions in the industry with RUBBLE MASTER's ease of use.

”

*Martin Wheatley,
Product Manager, jaw crusher
RUBBLE MASTER*

“

The RM J110X jaw crusher has exceeded our expectations. The machine is easy to operate and was designed with easy access for maintenance and inspections. The adjustment is quick and smooth, making the machine more effective and time-efficient, which helps get the most out of it. Its strong and reliable structure makes it perfect for any operation.

”

*Edycarlos de Queiroz,
Mining Manager
Lion Mining, Brazil*

DOMINATE

Your Jobsite

LET RUBBLE MASTER TAKE YOU THERE

At RUBBLE MASTER, we understand a smooth operation equals more profit. That's why our mission is to help you dominate the jobsite. No more losing money to high operating costs or wasting time with traditional material disposal processes. Instead, you take back control of your operations and get the job done right.

THE HEAVIEST CRUSHING CHAMBER IN ITS CLASS

The heart of the machine comes with extra strength and ingenuity to keep you crushing in the toughest applications.

ALL THE EXTRA STRENGTH in All the Right Places

The RM J110X is built from the ground up as a heavy-duty jaw crusher that doesn't cut corners. Heavy flywheels and a 10% deeper jaw crusher give you more crushing action. It incorporates the latest solutions for most productivity.

BUILT FOR TOUGH JOBS

Strength and depth are fundamental. That's why the jaw makes up 38% of the machine's weight.

EXTRA SAFETY WITH TRAMP IRON

The hydraulic relief system opens a staggering 320 mm (12½").

STRONGER CRUSHER FEED CHUTE

The upper cheek plates extend above the crusher for improved wear resistance and reduced blockages.

UP TO 10% DEEPER CRUSHER

More crushing strokes and improved material reduction.

ASTONISHING USABILITY

Advanced Crusher Control

Get more of what people love about RUBBLE MASTER: ease of operation paired with more clarity and simple maintenance procedures so you can maximize your uptime and put more product on the ground. Best of all, the RM XSMART Telemetry is included, so you know you got the most out of your machine.

1-2-3
GO!

ALL-AROUND CRUSHER CONTROL SYSTEM KEEPS YOU CRUSHING

Automatic feed control to improve the feed and monitor the discharge.

ENJOY THE COMFORT & SAFETY OF YOUR CAB

Control your feeder speed, adjust your closed-side setting, and lower the main conveyor without leaving your cab.

Get instant visual feedback on the status of the machine.

12" Touchscreen Display:

Get more clarity and fine-tune your machine for a comfortable and consistent feed rate.

The **performance indicator** helps you hit the feed rate sweet spot to maximize your production intuitively.

REDUCE THE BURDEN

Do the Things you Want
to Keep Doing

At RUBBLE MASTER, we understand that you want to keep crushing. To get more done, we cut setup and maintenance time. Instead of wasting man-hours and running in circles you can focus on dominating your jobsite.

CUT CHANGING YOUR FIXED JAW TO A FEW HOURS

Easily accessible quick-release wedges, convenient lifting hooks, and a built-in hydraulic cylinder to push out the fixed jaw make light work of a hard job.

UNMATCHED CONVEYOR SERVICE ACCESSIBILITY

Conveyor can be lowered to the ground and removed completely for service.

ADJUST YOUR CLOSED-SIDE SETTING WHILE CRUSHING

Extra wide 45 - 175 mm (1¾" - 7")
CSS range.

REVERSE CRUSHING

Crush difficult materials or unblock
your crusher with ease.

NO NEED TO PERFORM STUNTS SETTING UP THE MACHINE

Hydraulic folding & self-locking
hopper walls.

GETTING STUCK DOESN'T MEAN YOU SHOVEL

Start the crusher under load.
Keep crushing with
the touch of a button.

SMOOTH MATERIAL FLOW

Get More Done in a Day

Machine down means crew down, and you are bleeding money. That's why we have built the entire machine to reduce material-related blockages, so you can keep feeding the crusher instead of clearing blockages and spillages.

Grizzly Feeder (standard)

RM Active Grid (optional)
Improved screening action with sticky materials through self-oscillating grizzly.

2-Deck Pre-Screen (optional)
Maximum screening action for the most difficult applications.

WIDENING PATH

1080 mm [42"] feeder width,
1100 mm [43"] jaw width,
1200 mm [47"] conveyor width.

**LOWER MAIN CONVEYOR
HYDRAULICALLY**

Increase the clearance to release blockages. All from your remote control.

**SMOOTH EXIT CHANNEL
AND STRONG BELT SEALING**

Fewer obstructions ensure a smooth material flow and long belt life.

**500 MM | 19" CRUSHER
TO BELT CLEARANCE**

with under crusher material deflector plate.

MUCH MORE Than a Crusher Manufacturer

Our Business Exists to Support Every Aspect of Yours

We passionately empower the construction, demolition, and material processing industries to make money with their materials while leading the way toward a greener, more sustainable future.

Driving Innovation and Sustainability in
Mobile Material Processing

It all began with a vision: to make recycling C&D waste materials on-site a reality and reduce the waste of valuable resources. We set out to build compact machines that would be highly accepted in urban environments and designed for users with little to no experience in material processing. This vision sparked an international success, creating a new category of compact crushers. The efficiency and ease of use quickly gained traction among professional aggregate producers worldwide, driving the expansion of our product line while remaining true to our core design principles.

WHAT MAKES THE DIFFERENCE? A Team That Truly Cares About Your Business!

We believe in transparency, relationships over transactions, and never settling for 'the way things have always been done. We're driven to create the best product, backed by caring, comprehensive service. But the real cornerstone of everything we do is passion. We love our products and believe in them. We're passionate about helping you build a sustainable legacy that will last for generations. Your legacy is our legacy, and that drives us to help you be your best.

LIFETIME SUPPORT

REGARDLESS OF AGE AND HOURS, WE
SUPPORT YOUR MACHINE.

EXPERT ADVICE

WE ARE THERE BEFORE THE PURCHASE AND
LONG AFTER.

OPERATOR TRAINING

WE HELP YOU DOMINATE
YOUR JOBSITE.
