Mexico.

21

exporting countries in Latin
America, Africa, Asia and Middle
East.

Our Industrial Park

Pilar Buenos Aires, Argentina

GENERAL ORAL SOLID FACILITY

5,600 sqm

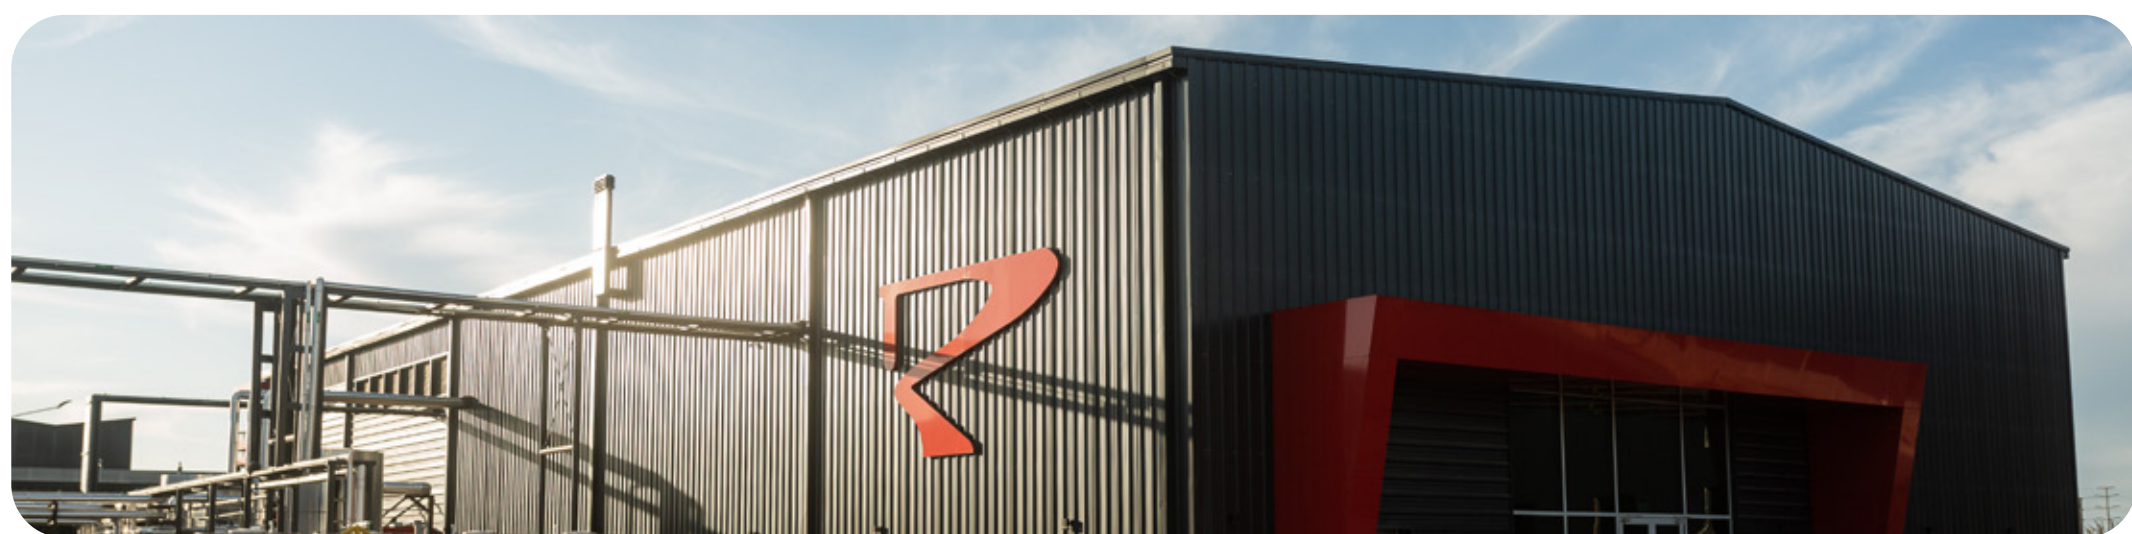

Devoted to products for the treatment of HIV, cardiometabolic and neurodegenerative diseases.

HPAPI ORAL SOLID FACILITY

1,800 sqm

For complex and potent active ingredients indicated for advanced treatments in Oncology and Multiple Sclerosis.

BIOTECHNOLOGY FACILITY

10,000 sqm

For end-to-end production cycle for both vaccines and complex biotechnological products

Integrated CDMO HPAPIs solid form facility .

SERVICES

- | Development: formulation, analytical and stability support
- | Manufacturing of clinical and commercial batches of DP

HIGHLY POTENT DRUG SUBSTANCES

- | OEB 4 drugs under containment facility
- | OEB 5 drugs under additional safety handling measurements after risk analysis

SPECIALIZED EXPERTISE

- | Low solubility APIs solutions
- | Powder characterization
- | Biorelevants media dissolution profile evaluation

MAIN MANUFACTURING PLATFORMS

- | Single pot granulations
- | Liquid capsules
- | Amorphous solid dispersions
- | Complex formulations

Biologics

A new CDMO biotech facility in LATAM.

SERVICES

- | Upstream and downstream process development
- | Formulation development
- | Analytical development and validation
- | Non-GMP and GMP DS and DP stability studies
- | Strong regulatory compliance
- | Reliable, predictable performance
- | Technology transfer expertise
- | Scalability to commercial manufacturing
- | Process validation
- | Supply chain risk mitigation
- | Frozen and cold chain storage & distribution experience

VACCINES

- | **DS Production:** Single use platform for denoviruses and recombinant proteins.
- | **DP Production:** Stainless-steel platform for formulation and fill-finish of viral, recombinant, mRNA and conjugated vaccines.

BIOTECH PRODUCTS

- | **DS Production:** Single-use platform for mammalian cell culture.
- | **DP Production:** Single-use platform for fill-finish of vials, syringes and cartridges.

Strategy Portfolio

Products under patent protection are manufactured in accordance with Argentine legislation.

Please consider that they are only shipped to countries where the substance and its use are not protected by patents.
